

Life's better under a SunSetter.

AWNINGS, RETRACTABLE SCREENS, AND EXTERIOR SOLAR SHADES

Welcome to your outdoor sanctuary.

Too hot or sunny to sit out on your deck or patio?

Enter SunSetter® retractable awnings. With more than 35 years of experience as America's most-trusted awning, we offer a simple solution that lets you not only beat the heat, but reclaim what's rightfully yours: your outdoor space.

4 ways to transform your deck or patio into an oasis

➤ Go Platinum | 6

Say hello to the **Platinum Series**, our most premium line, featuring high-performance fabrics, an optional state-of-the-art semi-cassette for ultimate protection, and an industry-leading 10-year warranty.

➤ Step Under a SunSetter® | 14

High-quality **SunSetter Series** awnings have all the custom features you want—without the custom prices. This is quality. This is value. This is what being America's #1 Awning is all about.

➤ Create an Oasis | 17

Our freestanding **Oasis Series** awnings let you set up instant shade whenever—and wherever—you want, for the ultimate in flexibility and versatility.

➤ Shade Made Easy | 24

Stop sun glare and heat from entering your home with **Retractable Screens** and **EasyShades®**. Stay cool and lower your energy bills—without obstructing your view.

Why SunSetter®?

- **With SunSetter, you are getting quality products designed to help you enjoy your outdoor spaces**
- **Choose full sun or total protection at the touch of a button**
Feel up to 20 degrees cooler, while blocking 98% of UVA & UVB rays
- **Custom built features without the custom-built price**
Starts as low as \$799
- **Installs easily in hours—either DIY or through our nationwide network of professional installers**
- **Full range of accessories available to enhance your experience**
- **Up to 10-year Limited Warranty**
Built in America with high quality materials and construction

The SunSetter® Advantage

When looking for the right shade solution for your home, go with quality—choose SunSetter. With SunSetter, you are getting quality products from the leading shade solution provider in America for over 35 years.

1 Chose straight or wave valance style.
STRAIGHT WAVE

2 Optional front drop screen offers additional protection and privacy.

3 XL model arms provide shade coverage up to 13 ft. 1 in. from the home.

4 Manual override allows awning to be closed or opened even when the power is out.

5 Motorized models have built-in Somfy® motor for easy remote operation.

6 Frame brackets, bars and arm clamps are made from high-quality aluminum with a baked-on enamel finish that never rusts or needs painting.

7 Optional semi-cassette housing or aluminum hood protects awning fabric for reduced wear and tear.

8 White, cream, or bronze frames available.

Platinum Series

Luxury meets function with our most premium line

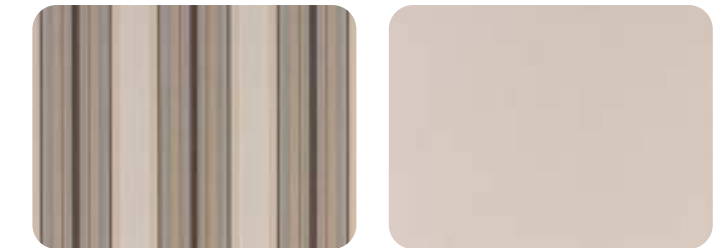

- Engineered for durability, color retention, and easy cleaning.
- Contemporary design, with the most on-trend fabric color options offered in both SunSetter® Performance Acrylic and Sunbrella® fabrics.
- Available with state-of-the-art semi-cassette housing for year-round protection of your awning from dirt, ice, wind, and snow.
- Backed by our 10-year Limited Warranty for the ultimate peace of mind.
- Dine al fresco in temperatures up to 20 degrees cooler—without worrying about passing showers or UV rays.
- Lower the temperature—and your energy bill—inside your home, while protecting carpet and furniture.

Our premium line. Two top-quality fabric options.

SunSetter® Performance Acrylic

SunSetter's premium fabric line features contemporary fabrics that are 100% solution-dyed for superior fade resistance. Water repellent, easy to clean, and mold- and mildew-resistant, these fabrics also block 98% of UV rays. Choose from 25+ attractive options.

Sample Performance Acrylic fabrics. See the full selection on page 10.

World-renowned for their unparalleled beauty and protection, Sunbrella® fabrics are engineered to last and boast all the same features as our Performance Acrylics. Available in more than 100 fabric choices.

Sample Sunbrella® fabrics. See the full selection on page 12.

Platinum Motorized

Instant vacation spot. Simple, effortless, and convenient to use, our motorized awnings let you enjoy unobstructed views, cool shade, and UV protection whenever—and however—you want. You can choose shade or sun in under 60 seconds with a simple touch of a button.

Platinum Plus

WITH SEMI-CASSETTE

Aaah. Sit back and enjoy the view. Offering a contemporary, finished look, our top-of-the-line model features a semi-cassette housing that protects your awning from dirt, rain, wind, and snow—all year round.

Platinum XL

WITH EXTENDED PROJECTIONS

Yeah, we got that covered. Got a large space? No problem. All of our Platinum Series awnings are available with extended XL projections of 11 ft., 8 in. or 13 ft., 1 in. for extra-large shade and coverage needs.

Platinum PRO

WITH DROP SCREEN

Bonus coverage. Our Platinum PRO model has all the same features as our Platinum awnings, *plus* a built-in, front Weatherbreaker drop screen that blocks 85% of sun and glare. A simple hand crank unrolls an elegant screen down to five feet in mere seconds, adding an instant wall for immediate privacy.

Additional Awning Accessories

ALL WEATHER

Limited Warranty

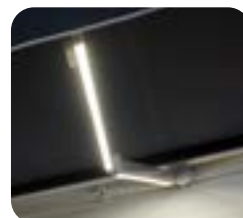

All-Weather Warranty

Available as a 5- or 10-year warranty option, this no-questions-asked coverage protects your awning not only from defects, but wind and weather damage as well.

Aluminum Hood

With a choice of either cream, white, or bronze to match your awning hardware, this hood provides a perfectly finished look, as well as exceptional protection for your fabric and motor.

Dimming LED Lights

Energy-efficient, yet bright and durable, these lights attach directly to the awning's arms and can be controlled or dimmed with your awning's remote.

Cleaning Kit

Includes a telescoping brush, two bottles of cleaning concentrate, a touch-up paint kit, and a fabric repair kit.

Patio Lights

Weatherproof, smoke-colored Lexan lights emit a lovely, diffused light over your deck or patio. Includes a set of 6, plus a stretch coil cord and 20 additional feet of cord between the plug and first light.

Awning Cover

This sturdy, cream-colored vinyl cover attaches over your awning when closed for protection from dirt, birds, rain, ice, and more.

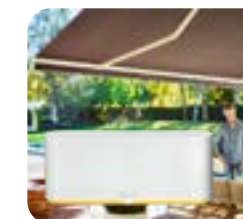

Front or Side Weatherbreaker Panels

Stay protected on all sides while you enjoy the outdoors. Blocks 85% of sun, wind and mist. Front and side panels sold separately.

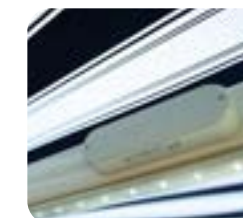

SunSetter® Mats

This rugged, mildew-, and flame-resistant floor mat adds style and comfort, while protecting your deck from furniture scuff marks, making it less slippery, and even protecting bare feet from splinters. Available in three sizes: 9'x9'; 9'x12'; 9'x16'.

Somfy® TaHoma switch

Control your awning and dim your LED Lights using your tablet, smartphone, or voice commands. Simply plug in the device, download the free app, and follow the setup wizard.

Weather Sensors

Wireless sensors are available for both wind and rain. These sensors automatically open and close your awning based on pre-determined standards.

Committed to Quality

Relax—we've got you covered.

With SunSetter®, you get craftsmanship, durability, dependability—and a warranty to back it up.

- **North American-Built Quality**

Our retractable awnings, EasyShade® exterior solar shades, and EasyScreen® retractable screens are assembled in North America under the strictest quality-control procedures

- **High-Quality Components**

Most of our components are made from durable aluminum with a baked-on powder coat finish that never rusts or needs painting

- **Industry-Leading Motors**

All motorized models come with Somfy motors—the industry leader in awning and screen motors for over 50 years

- **Low Maintenance**

With our quality construction and durable materials, our products are designed to provide you with years of trouble-free shade

- **Warranty**

Every SunSetter retractable awning, EasyShade exterior solar screen, and EasyScreen retractable screen come with limited warranties against defects in materials and workmanship. Warranty lengths vary by product but are up to 10 years. We even offer All-Weather Warranties for the ultimate peace of mind!

10-year Warranty. The Platinum Series offers our Performance Acrylic and Sunbrella® fabrics which are both backed by a 10-year Limited Warranty.

5-year Warranty. Our awnings come standard with a premium vinyl-coated polyester screen that blocks 90% of the sun, wind and mist, but still lets in light and air. These premium screens are backed by a 5-year Limited Warranty. SunSetter Series Woven Acrylic and Laminated Fabric lines are also backed by a 5-year Limited Warranty.

- Operate your shades with motorization, solar power, or manually

Details

EasyShade Width ————— **3 ft. to 12 ft.**

Rolldown Length ————— **0 ft. to 7 ft., or anywhere in between**

Operation: Manual hand crank, Motorized with remote, Solar-Powered Motorized with remote

Aluminum Housing Finish Options: White Cream Bronze

EasyShades®: Three Easy Options

EasyShades exterior solar shades are available in motorized, solar-powered, and manual configurations. All three are maintenance-free, easy to operate, and roll up perfectly straight every time with the help of cables that guide them. That means no tangles or uneven slats like interior blinds.

Motorized

Solar-Powered

Manual

1 Motorized

Our Motorized EasyShade simply plugs into any outdoor outlet. You choose if you want the electrical cord on the right or left end of your solar screen—and with **one touch of the remote control** the shade unrolls up to 7 feet or anywhere in between. The shades feature an industry-leading Somfy® Motor hidden inside for easy remote-control operation.

2 Solar-Powered

The top-selling Solar-Powered EasyShade requires no electricity—perfect anywhere on your home, including upper-story windows where outlets may not be available. The solar panel charges the built-in battery pack throughout the day and stores enough power to **operate the shade—even on cloudy days**. The Solar-Powered EasyShade features a matching-colored, solar-collection panel attached to the outside of the aluminum housing and an industry-leading Somfy® Motor hidden inside. Battery requires only indirect sunlight, so there's no need for an electrician or extension cords. The perfect solution for window and door exteriors.

3 Manual

These solar shades come with a simple-to-use hand crank and do not require electricity. They are a **great value**, featuring all the same benefits as our Motorized EasyShade model, but without the motor. When you want to enjoy the sun, the shade retracts securely into its protective aluminum housing.

Order With Confidence.
