

THERE IS

STRENGTH IN OUR NUMBERS

Triangle Therapy Association is a nonprofit fundraising group that underwrites the life-changing therapeutic offerings of Triangle Therapy Service's (TTS) ground-breaking, nature and animal-based practice. TTS' unique and sought after program has wide impact and a long waiting list. Our annual **\$30,000** campaign and each tax-deductible dollar you donate goes straight towards making not just a local child's - but their whole family's life better. We may be small but together our reach is mighty.
