- Marina reserves the right to cancel reservations and/or close due to weather. On these rare occasions, notifications are usually last minute as we get severe "pop-up" storms during the season. We are in the mountains and weather forecasts are, well, normally wrong. We've been doing this a long time, and our best advice is to be prepared for rain at any given time. It may a quick, light shower or it may a fast-moving storm. Prepare accordingly.
