

Practical Intuition

Episode 1: What it is

Hello!

- So glad you are here!
- Bit about me & my intuition
- Why “Practical Intuition”?

Albert Einstein

“The intuitive mind is a **sacred gift** and the rational mind is a **faithful servant**. We have created a society that honors the servant and has forgotten the gift. We will not solve the problems of the world from the same level of thinking we were at when we created them. More than anything else, this new century demands **new thinking**: We must change our materially based analyses of the world around us to include broader, more multidimensional perspectives.”

Oprah Winfrey

“Learning to trust your instincts, using your intuitive sense of what’s best for you, is paramount for any lasting SUCCESS. I’ve trusted the still, small voice of intuition my entire life. And the only time I’ve made mistakes is when I didn’t listen.”

Alan Alda

“You have to leave the city of your comfort and go into the wilderness of your intuition. What you’ll discover will be wonderful. What you’ll discover is yourself.”
