

PRESCRIPTION DRUG DISPOSAL

The Hiram Police Department has a program in place to reduce the amount of prescription drugs in our homes that are no longer needed or outdated. These same drugs unfortunately have become the target of theft and misuse. Oftentimes by friends who have access to the residence. Americas 12-17 year olds have made prescription drugs the number one substance of abuse for their age group and much of that supply is unwittingly coming from the medicine cabinets of their parents, grandparents and friends. More and more adults recognize the need to remove these substances from homes legally and safely turn them over to law enforcement for proper destruction. Law enforcement is the only entity able to accept these medications and process them properly so that they do not fall into the wrong hands. There is a RX Medication drop off box at the Hiram Police Department outside of the Rosser Municipal Building front entrance. No questions asked.

**These locations accept prescription medications only,
no liquids or syringes/sharps:**
