DPW/Wastewater

Fish will not be going to the February Wastewater Conference due to having work to do on the lagoons. The new building is up at the Lagoons, just waiting to add doors. The electrician will be there soon to add wall sockets for the generator. There was a technical error with the wastewater computer but Fish fixed it. There is a lot of water in the lagoons and Fish estimated he will have to discharge at least 3 times this year.

Potholes have been being filled in around the Village.
