DPW/Wastewater

President Fish is working on estimates for an outside service to work on the drained plugs. Many contractors are booked at this time and hard to get them on site.

Fish will need to discharge one more time before the end of May. The weeds have been messing with the pH levels. The lagoon audit came back great.

Guest Speakers/Public Comment on Current Agenda

Denny Harris, District 6 Saginaw County Commissioner gave an update on projects in Saginaw County. The new animal shelter building is being held up by back ordered air conditioners. The new mosquito abatement building is on hold. The Dow Event Center is taking bids to make renovations in preparation for hosting the Memorial Cup. It is too costly at nearly 12 million dollars. Harris asked the council their thoughts. All agreed it is too much money especially when our area won't benefit.

Old Business

The window for the hall will take 3 weeks or so before it is repaired and installed. The food pantry will be brought over to the office once the key holding the chain on is found. President Fish said he may have found someone interested in labor hours but they would need to be paid biweekly instead of monthly. Council approved.
