Letitia James,
Janet Sabel,

Upon further investigation of your unscrupulous conduct as attorney general of the state, I have reviewed the Janet Sabel, Amanda Kuryluk situation.

Both attorneys become employees of the AG office at the same time.

Within a matter of only about 4 to 5 years, you advanced Sabel who was previously immigration director of legal aid to position of chief Deputy which is the second highest position at the AG office whom then went back to legal aid and was immediately made CEO of legal aid while retaining her gov position at the AG office.

Meanwhile Amanda Kuryluk, a clearly loyal attorney employee according to my investigation was not advanced at all to this day..... more than 10 years later .

It is clear to me that you have bypassed Kuryluk for promotion not in reference to merit but rather in reference to intended beneficial relationship you and legal aid chose to take advantage of.

On my case 21 cv 1230, Assistant attorney general Kuryluk has been promoting my domain name to the court (impeach letitiajames.com) and now I can understand why. Apparently she is as disgusted with you as an attorney general as I am. You are a total fraud and political hack whom is worthless as an AG and that would be an overstatement at best.

With Amanda Kuryluk's encouragement I am inspired and look forward to putting up the website and exposing your corrupt practices to the detriment of your employees in benefit to your political gain.

As a AG you are a disgrace and Amanda Kuryluk doesn't deserve your unfair, disrespectful and biased treatment.

Amanda Kuryluk is most welcome to discuss her treatment and that of other assistant AG whom you have apparently imposed a glass ceiling to provide a promotional path for those whom can do your political career the most benefit.

When the issue is raised as to whether or not legal aid is a state actor or not, due to your unscrupulous conduct along with Sabel, you both created your own corrupt common answer for yourselves and for the state alike.

Sincerely,

Robert Malek
