

SUMMER CAMP 2024

NORTH CEDAR ACADEMY

Students of all English abilities can participate in our summer program that includes two curriculum pathways - English Language Learning (ELL) or College Prep & ACT/SAT Readiness.

We are excited to offer you a summer filled with **learning and adventure** including fun and dynamic trips as well as engaging hands-on activities. Your mornings will consist of academic classes in one of our two curriculum pathways - **English Language Learning (ELL)** or **College Prep & ACT/SAT Readiness**. Both of these programs will be guided by top instructors and native English-speaking peer mentors to offer you the opportunity to strengthen your English skills or to sharpen your ACT/SAT test-taking abilities.

In the afternoons and on the weekend you will join your counselors to enjoy local attractions, visit cities and their college campuses such as the **Universities of Wisconsin- Madison** and **Eau Claire**, explore the natural beauty of Wisconsin, shop at the **Mall of America**, and take part in friendly games, movies, and campfires under the stars. Visits to **amusement parks**, museums and other tourist spots as well as **restaurants, beaches**, and colleges will provide a window into *American culture*.
