## **Timber Springs Metropolitan District**

#### 2023 BUDGET MESSAGE

Timber Springs Metropolitan District is a quasi-municipal corporation organized and operated pursuant to provisions set forth in the Colorado Special District Act. The District was established to supply the necessary facilities and services including but not limited to potable water delivery, internal and offsite roadway systems and sanitary sewer collection and treatment.

The District has no employees and all operations and administrative functions are contracted

The following budget is prepared on the modified accrual basis of accounting, which is consistent with the basis of accounting used in presenting the District's financial statements.

#### 2023 BUDGET STRATEGY

The District's strategy in preparing the budget is to strive to provide the type of public-purpose facilities desired by the property owners and residents of the District in the most economic manner possible. The District's primary function is to work cooperatively with the Timber Springs Property Owners Association to provide operational services for the Timber Springs community. The members of the Timber Springs Property Owners Association are the same as the taxpayers in Timber Springs Metropolitan District.

The primary services provided are for road and related landscape maintenance. In August 2018, the Boards of Timber Springs Metropolitan District and Timber Springs Property Owners Association agreed to move all operations and administration out of the metropolitan district and into the property owners association. These operations will be funded with property owners association assessments rather than property taxes in the future. Therefore, Timber Springs Metropolitan District will be effectively inactive.
