

# SOUND BEACH BULLETIN

OFFICIAL ORGAN OF SOUND BEACH PROPERTY OWNERS' ASSOCIATION, Inc.

Your association has been serving the community of Sound Beach for over 54 years. This association has been operated and governed by a group of concerned, dedicated volunteer citizens who have selflessly given their time to ensure the well-being of all of the residents of our community. "To prepare for the enjoyment and well-being of our next generation" has provided the stimulus for over five decades of the thankless effort by countless numbers whose names abound in the record books of our association.

I would be remiss not to mention that our association is still being governed and operated by two pillars of our community, Adell Gerity and Joe Ferraro; and of the sad passing this past winter of two others, Mildred Bayard and Rudy Kuntner, each of whom shared of themselves with us selflessly for all the decades this association has been in existence.

All of the aforementioned dedicated volunteers have battled throughout the history of this association for your community's best interests and have asked for nothing in return other than to hear the laughter of our children and observe the pleasure of our neighbors enjoying our beaches and facilities. While these dedicated individuals have asked for nothing, I am asking for your support in order that this association may survive. Your support must come in two forms: one, to be an active member of your association; two, to be in total support of our membership system.

Regarding number one, this is easy; I request your presence at our general meeting on Saturday morning, July 9, at 10 a.m. at our clubhouse on Malba Drive to assist in the decision making process by offering your solutions to our many problems. Also, at our annual meeting on Saturday morning, August 20, at 10 a.m., you will be asked to determine our dues and membership structure for the coming year.

As to my second request, we need your support of our membership system. The sharing of membership will eventually bring this association to its knees. As of last count, if each family in Sound Beach joined the association, dues could be as low as \$10 per family instead of the \$75 per family we now resent. Membership sharing has driven your board to consider a new credential system for access to our facilities, a topic which will be discussed at future membership meetings. Membership sharing is equivalent to stealing from our neighbors as it has resulted in our neighbors' paying their unfair share, a fact that is being addressed and will be stopped by next season. Your board of directors has, through its diligent efforts, maintained an inflation rate of 15% over the last 10 years while the membership dues have increased by some 300% over the same period, primarily because of the lack of membership support and membership sharing. The simple solution is to increase the number of bonafide members.

We appeal for your support to carry on the work of so many who have given of themselves to guarantee a quality of life of which we can all be proud.

GENERAL MEETING: JULY 9, 1983 10:00 AM

ANNUAL MEETING: AUGUST 20, 1983 10:00 AM
