14%

FROM THE WINEMAKER

Chenin Blanc is a wine grown only in a few places around the world, and Clarksburg is a region known for producing quality Chenin Blanc with unique minerality.

Heringer Estates Chenin Blanc brings the words to mind, “adult lemonade” as a burst of bright grapefruit and lemon lime. With a swirl you will also experience aromas of white peach, and pineapple. In the finish there is just a hint of honey and vanilla sweetness.

FUN FACT

Chenin Blanc is only grown in the Loire Valley of France, South Africa, and Clarksburg, Ca. There is even a grassroots movement in progress by the Green Restaurants Alliance of Sacramento to gain a Culinary Heritage designation for the area.
