This adult learning course focuses on team leadership skills to move away from “firefighting” mode and into strategic leadership and project management.

Participants learn the skills to guide a team through the 6 stages of project management (Define, Measure, Analyze, Improve, Control, Celebrate) Participants will develop problem and goal statements, record and analyze key metrics, develop solutions, create an action plan, and share results.

Participants will be required to complete and present one appropriately scoped process improvement project or kaizen.

**What participants will learn in throughout program:**

- A3 Thinking / DMAIC Project Management
- PDCA improvement cycles
- Writing problem and goal statements
- Team dynamics, and performance
- Gaining team visibility and buy-in
- Leading a kaizen event (Rapid Improvement Event)
- Leading team huddles
- Conducting effective team meetings
- Building a Visual Management Board
- Rolling out process improvements - Trials
- Kaizen
- Metrics and KPIs / Data analysis and graphical displays
- Celebrating
- Engaging employees / Employee Ideas
- Practice applying Level 1-3 tools
- Sharing, Communicating and Presenting results

**At the end of the course and successful presentation of a project:**

- Each participant will receive LEAN Green Belt Certification

**Ideal candidates for this course:**

- Leaders, Supervisors, Managers, Directors
- Project managers
