

Don't be left in the dark – get superior photographic imaging for surveying, forensic investigations, geospatial applications, agriculture, construction, and industrial environments.

Trimble GNSS Operator Light Kit

Illuminate the level bubble and surrounding area with this customized lighting solution designed in conjunction with Trimble. The included D10 light snaps securely via a mount to the pole of Trimble

The Trimble GNSS Operator Light System includes:

- (1) D10 Light
- (1) Custom D10 Clip for Trimble Tripods
- (1) Micro USB Cable

200 Lumens
Rechargeable LiPo Battery System
High CRI 90, 5700K
2 Modes: On & Strobe
Beam Distance: 65 ft (20 m)
360° Swivel Light

Fits all Trimble GNSS equipment (R12I, R12, R10, R4sLE, Forensics QRS), Total Station, Legacy Optical Total Stations

P/N 700-TRMB-GNSS

RUGO™ LIGHTING KITS

TRIMBLE LASER SCANNER SYSTEMS

RUGO™ 3 Light Kit for Trimble Laser Scanners

Improve photographic image capture with the FoxFury RUGO™ 3 Light Kit. Ideal for small to medium scene environments.

RUGO™ 3 Light Kit includes:

- (3) RUGO™ Lights
- (3) Tripod Clamps
- (3) Swivel Ball Mounts

Additional Power Packs available

P/N 700-TRMB-3

RUGO™ 6 Light Kit for Trimble Laser Scanners

Best for larger photographic scenes, the RUGO™ 6 Light Kit improves image capture in situations where increased visual detail is needed.

RUGO™ 6 Light Kit includes:

- (6) RUGO™ Lights
- (3) Tripod Clamps
- (6) Swivel Ball Mounts
- (3) Aluminum Dual-Mount Plates

Additional Power Packs available

P/N 700-TRMB-6

Battery Life: 1 - 6.75 hours	Tri-Lens® Technology
Rechargeable Lithium Battery System	Waterproof: 22.9 ft (7 m)
Lumens: 70 - 620	Impact Resistant: 9.8 ft (3 m) drop
4 Modes: Dim, Low, Medium, High	High CRI 92, 5600K
Beam Distance: 10 - 15 ft (3 - 15 m)	Strobe Rate: 90 cycles per minute
Beam Angle: 25° - 120°	LED Color: White

Fits all Trimble 3D Laser Scanners including the X7, X12, SX12, R12
