

## Certain Disabled Veterans could be Entitled to a Refund!

If you are a disabled veteran who was paid a disability severance payment after January 17, 1991 you may be entitled to a refund! Pass this along to any disabled veteran you know- they may be entitled to get a refund if they included that payment as taxable income. Most of the folks who are eligible for this refund will receive a letter from the Department of Defense. You can claim the actual amount or you can claim a standard refund of

\$1,750 for tax years 1991 - 2005

\$2,400 for tax years 2006 - 2010

\$3,200 for tax years 2011 - 2016

Check with your tax professional or check out the IRS website to see if you are eligible for this refund!
