Trailer License Plate Number:_____

	//		///	
		//	//	Description
				Before Hooking up the trailer to the tow vehicle:
			\top	6.1
				Visually inspected the exterior of the trailer. Note any damage.
				Ensure the trailer has at least one spare tire, and that the spare tire is
				inflated.
				Ensure that the trailer has wheel chokes or an appropriate substitute
			+	(bricks, wood, etc.)
				Ensure that the tires on the trailer are properly inflated and do not show excessive wear.
			+ +	Ensure that the trailer insurance paperwork is available within the
				trailer.
				If available, use the load leveling apparatus included with the trailer is
				used properly.
				Ensure that the tow vehicle is capable of towing the trailer and is
				properly equipped to handle electric brakes, if the trailer is so
			$\perp \perp$	equipped.
				Once the trailer is attached to the proper sized hitch on the tow
	l I			vehicle:
			\bot	Ensure the safety chains are properly attached.
				Encure that all of the lights on the trailer work
			+	Ensure that all of the lights on the trailer work. Ensure that the hitch is properly secured to the ball and the lock is
				securing the handle down.
				Properly adjust the electronic brake controller in the tow vehicle to
				the trailer.
				Complete the Texas Elks State Association Trip Record. Contact the
				appropriate District Trustee if a trip record is not available.
