PIONEER GENERAL CONTRACTING LLC

FABRICATION, ERECTION & MAINTENANCE SERVICES

Who we are

- PIONEER Contractor is a Fabrication, Erection & Maintenance services Company headquartered in Abu Dhabi, with a highly experienced workforce of over 300. We mainly serve the requirements of UAE based customers.
- A strong customer focused approach and continuous pursuit for top class quality have enabled Pioneer to attain leadership in its five years of business.
- The fabrication expertise combined with erection & maintenance capabilities, E&I and site installation capabilities, have enabled Pioneer to carve out a niche of its own in its industrial domain.
- PIONEER is a one stop shop for a wide spectrum of manufacturing, fabrication and assembly of Piping Spools, Structures, Pressure Vessels; and pipeline construction.
- PIONEER'S focus is on client satisfaction and building a long term and solid business relationship.
- Safety, Quality, Reliability and Prompt service are their hallmarks. The company is committed to continuous improvement of the efficiency by encouraging teamwork and creating a positive work environment

Our Vision & Mission

Our Vision :

- Be a leading player in the MENA region, in terms of service efficiency and customer satisfaction.

Our Mission :

- In our commitment to clients, we constantly seek to deliver an unparalleled level of customer satisfaction backed by a talented team who can provide dependable solutions to see a project All the way to completion.
- PIONEER'S focus is on client satisfaction and building a long term and solid business relationship.
- Safety, Quality, Reliability and Prompt service are their hallmarks. The company is committed to continuous improvement of the efficiency by encouraging teamwork and creating a positive work environment

The Company

Established in 2016 at Abu Dhabi, UAE

One of the leading contracting company in UAE

Proven track record for timely completion of contracts

Robust Quality & HSE System

Strong pool of resources

Sectors Served

Oil & Gas Industry

Petrochemical and Refinery

Infrastructure & Marine

Power & Water

Approvals & Certifications

ADNOC Registration for Piping, Pipeline & etc.

Synopsis of Business Verticals

Piping Spool Fabrication & Site Erection

Structural Fabrication & Site Erection

Pipeline Construction

Fabrication of Pressure Vessels

Maintenance of Heat Exchangers

Supply of Skilled Manpower

Civil Works, GRE & GRP

Solar Power Plant Fabrication & Erection Works

Mechanical, Electrical & Plumbing works (MEP)

Fabrication & Erection Services

- Pioneer has built a strong reputation in UAE Market and is widely regarded as an elite level fabrication & erection service provider over the past five years.
- We have the capability and resources to provide high quality fabrication services to our Clients at their facility.
- Piping spools, structures, pressure vessels & tanks are manufactured & erected within the most stringent work schedules and are delivered on time and to the highest Industry quality standards.
- Our management team have more than 15 years' experience and our highly skilled work force are well experienced in undertaking such fabrication & erection works.
- We have successfully executed several projects in Abu Dhabi, Dubai & Sharjah to the best satisfaction of our customers.
- Fabrication of special grades and exotic material.

Fabrication & Erection Services

Piping spool Fabrication is one of our core capabilities. Fabricating carbon and alloy piping systems, we have the consistent ability to produce 1000+ piping spools monthly. Our projects consist of large capital projects with thousands of spools, as well as routine maintenance and one spool orders. We are filled with highly skilled craftsmen, pipefitters, pipe fabricators, pipe welders with excellent safety and quality performance records. Greater quality, efficiency and, ultimately, significant cost savings for customers. We take great pride in not only meeting, but exceeding our customers expectations.

We are qualified to produce piping spools fabrication and assemblies for all grades of carbon steel, stainless steel, chrome-moly, chrome alloys (Including P91), high alloy nickel base alloy, Hastelloy, low temperature, duplex grade, Aluminum, and many other alloy materials

Fabrication & Erection Services

Our scope includes but not limited to the following activities:

- Fabrication at Customer Plant
- Site erection activities including lifting, rigging and fit-ups
- Welding as per ASME Sec IX using qualified welders
- Use of appropriate welding process (GTAW, SMAW, FCAW & SAW)
- All Non Destructive Tests (Radiography, PT, MT, UT, PMI, PWHT) and Hydro test
- Pickling & Passivation of Weld Joints (for SS, & Duplex materials)
- Blasting & painting
- Complete QA/QC Documentation

Fabrication & Erection Services

Pipelines Construction

PIONEER has large fleet of operating machines and its highly capable management and administrative personnel. Heavily involved in the construction industry, our company deals with civil works, excavation, emergency response service, construction of gas and natural gas pipelines, pre-commissioning and commissioning pipeline projects, salvaging pipeline, right of way pipeline construction and maintenance, fabrication, and installation of pipe structures. Our Scope of Pipeline services include:

- Installation of Cross country Pipelines
- Flow line Construction and well head hook ups
- Well Tie - in Installation
- Hot Tapping and Live Welding
- Repairing and Maintaining Pipeline Sleeves in live pipe lines
- Fabricating & Installing Pig Launder & Receivers
- Salvaging Pipeline
- Hydro Testing and Clean-up of Pipe line
- Construction & Maintaining the ROW for Pipelines

Pipelines Construction

Our range of pipeline construction and services include:

- Pipeline mechanical works (pipe stringing, bending, welding, sandblasting and wrapping, pipeline laying, hydraulic tests, connection of pipeline sections, cathodic protection of pipes, etc.);
- Pipeline civil works (land surveying using GPS equipment, route staking, route clearance, backfill, definitive reinstatement work, excavation, open-cut/drilled system water crossings, complementary works, etc.);
- General civil and mechanical works (excavation and earth moving work, concrete pouring, backfill, prefabrication & installation of stations plus other related piping spools, mechanical assembly, painting and wrapping, sandblasting, de-watering and hydro tests, complementary works, etc.);
- Our company's dedicated team of professionals from engineers, project managers, welders, etc. assures the excellent quality regarding carrying out the technicalities as well as management of all our pipeline projects.
- We value everyone's safety while we provide consistent & competent offerings of top-notch craftsmanship, upon client's requirements in conjunction with Intl. Standard and specs. To meet the demands of our client, we incorporate and utilize our local assets and partners to integrate local service in the Gulf region with state of the art machinery.

Together with our team of experts that continuously strives to strengthen and upgrade its service into managing our projects, PIONEER has established the capability to accomplish projects on schedule backed with good feedback from our customers.

Pipelines Construction

Pipelines Construction

Blasting, Painting & Coating Services

- PIONEER aimed to bring state of the art and environment friendly technology and solutions for blasting, painting & Coating at the doorsteps of our clients. With vast experience and exposure in the field and a growing number of professionals, we undertake execution of Oil & Gas field services comprising of Fire Proof Coating, Industrial Blasting & Painting Services, Thermal Spraying, Tank Lining, Cementitious Coating and Bridge Coatings.
- Our Specialists are selected for their knowledge, experience and integrity. All of which are crucial in delivering quality service, objective, independent analysis and engineering.
- Perfection in the quality of work and completion of the job entrusted to us is one of the special features of PIONEER. We are driven by a desire to provide superior cost effective services, HSE and quality industrial solutions and are committed to using these resources to give the best services to meet the customer satisfaction of our clients.

Blasting, Painting & Coating Services

Blasting, Painting & Coating Services

Heat Exchanger Cleaning & Maintenance

- PIONEER offer Industrial cleaning & Maintenance activities for Heat Exchangers, Boilers, HRSG & Desalination Evaporators. The company consists of Management personnel and fully trained technicians set up to undertake variable Specialist industrial cleaning and water jetting tasks. With the Head-office in Abu Dhabi, we are strategically placed to cover a wide area of the UAE.
- We carry out Specialist Industrial cleaning activities utilising our High pressure water jetting skills. Our equipment, High pressure water jetting pump units ranging from 5,000 psi to 40,000 psi, and our Specialist water jetting Accessories, with automated and semi-automated equipment can be mobilised within short notice periods to serve our clientele.
- Working with high pressure water at pressures ranging from 5,000 psi to 40,000 psi at variable flow characteristics, we can undertake contracting work throughout the regions Oil and Gas facilities both upstream and downstream, all industrial facilities, ship refurbishment facilities, new build process pipeline commissioning works and process plant refurbishment projects, paper and steel mills, aluminium plants, civil construction industries and concrete repair rehabilitation of concrete structures, to name but a few of the areas we have worked in.

Heat Exchanger Cleaning & Maintenance

RETUBING

- Heat Exchangers being utilized in the Oil and Gas installations often have corrosive and viscid fluids and gases flowing through its tubes. As heat exchangers age, their performance declines overtime, due to fouling, erosion and corrosion, thus requiring periodic refurbishment and repair. An effective and cost efficient solution is retubing of the exchanger.
- PIONEER has earned a reputation of being a specialist provider of retubing services. The key advantage being is that it undertakes all associated works with retubing such as the exchanger blinding, Tube bundle extraction, the procurement and testing of the raw materials, on-site/off-site retubing and finally the bundle installation and equipment commissioning.
- PIONEER is equipped with a wide range of specialized retubing equipment and is aided by its highly trained and experiences teams, allowing it to take any challenges and any conditions. With Dolphin you can be assured of a Quality and Timely completion of any projects.

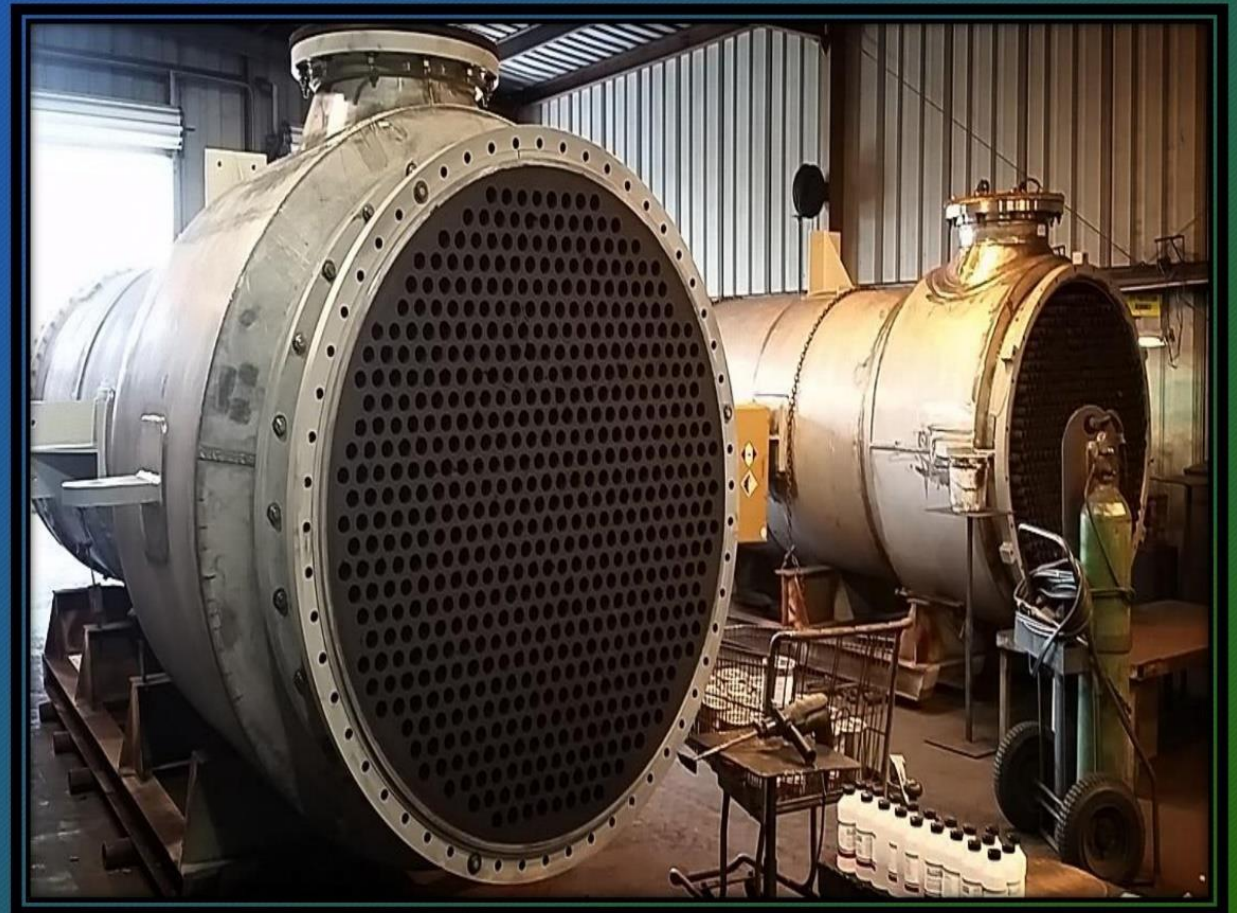

HYDROJETTING

- PIONEER provides a variable high pressure water jet system. The diesel drive high pressure unit delivers an operating pressure up to 40,000 PSI. Our Hydrojetting machines are all retrofitted to be operated in Zone 2 environments. High Pressure water jetting is highly effective and time-cost efficient method of cleaning that provides immaculate results. Hydrojetting can be used to provide a wide range of cleaning solutions such as the cleaning of heat exchanger tubes, coolers, Tanks, Process Internals and pipelines.
- Our Hydrojetting machines can be fitted with a number of various accessories like Stoneage nozzles Nozzles, Flexible Lance, Rigid Lance, and High Pressure Gun. All of our hydrojetters are qualified and highly experienced in the trade. Blasting water with Hydrojetting equipment at extremely high pressures is not without risks and hazards, but with our HSE procedures and protective equipment we manage to minimize the associated risks, guaranteeing a safe working environment for all.

Heat Exchanger Cleaning & Maintenance

Heat Exchanger Cleaning & Maintenance

Supply of Skilled Manpower

- All businesses require talented manpower resources to execute the projects on time. But it is a costly and time-consuming affair to hire such skilled and talented manpower for companies. Here comes the role of PIONEER as Manpower Supply Company that provide quick and easy access to the best workers to companies of different sectors. We offer a swift and easy transition for the companies who are in need of qualified manpower.
- Since inception; we have been on the forefront offering our professional manpower supply services and fulfilling our commitment to all business sectors throughout the UAE (Abu Dhabi, Dubai, Sharjah, Ajman, Ras Al Khaima , Fujairah and Umm Al-Quwain).
- We are the one-stop solution for manpower supply in UAE to the general and technical services requirements for all major industrial sectors such as civil, construction, mechanical, electrical and oil & gas sector.
- We have helped hundreds of businesses in the UAE with top-notch professionals & Labours. Our flexible, efficient and cost-effective hiring options includes a wide spread of categories available for both short-term and long-term jobs. We cover all the major and important sectors of manpower supply categories.

Civil Works

➤ Construction

Through our general contracting service, and with our long experience in the field, we identify the means and the method and supply all necessary materials, labor, equipment and services to be used in the construction execution of the project in accordance with the contract documents provided by the client. We undertake various types of construction projects such as Villas, Buildings, Warehouses and Steel Works.

➤ Steel Work

As one of its core services, Pioneer General Contracting LLC offers large scale of steel work such as FENCE, CHAINLINK Fence, Warehouses and different type of all steel work.

➤ Maintenance and Rehabilitation

As one of its core services, Pioneer General Contracting LLC offers large scale rehabilitation and maintenance services to clients for projects such as Villas, Buildings, Residential Compounds.

➤ Decoration Work

As one of its core services, Pioneer General Contracting LLC offers large scale decoration work services to clients for projects such as Villas, Buildings, Residential Compounds.

CIVIL CONSTRUCTION

GRE Works

Pioneer General Contracting. L.L.C is specialized in GRP and GRE pipe works jointing such as lamination, double bell coupling, adhesive & rubber seal lock joints, spools & fittings fabrication works. The company is also specialized in PVC & PPR, HDPE butt fusion and electro fusion jointing. We pride ourselves on our proven track record for effectively administering all our projects. This is due to effectively directing team members in the development of Technical skills, team work to ensure that all business requirements are met within budget restraints and time schedules.

Pioneer General Contracting. L.L.C also carried out works like institute lamination of chemical storage tanks and benching lamination. The company carries out field jointing of GRP, GRE pipes maintaining the quality and procedures of pipe manufacturer.

Pioneer General Contracting. L.L.C is an establishment of professional Engineers and highly skilled Technicians who are the best in experience and Certified by well reputed leader Industry companies. We do lay, assemble, install, and maintain pipe systems, pipe supports, and related hydraulic and pneumatic equipment for steam, hot water, heating, cooling, lubricating, sprinkling, potable, sewerage water lines and industrial production and processing systems.

GRE Works

Solar Power Plant Works

With our qualified and customer-focused team consisting of solar energy projects with the highly experienced staff like engineers, supervisors, skilled labor we offer complete solutions for solar power plants. We have a high level of industrial and commercial know-how combined with decades of international engineering, construction, services and sales experience. Successfully being in collaborations and partnerships with many international key companies for a long time, we consistently deliver high quality projects for high-profile customers in a wide variety of industries.

- Subcontracting for solar power plants with the complete packages (Civil, Structural, Solar Modules Plates, Electrical works).
- Installation of all kinds of LV–MV–HV electrical equipment,
- Installation of solar power panels and mounting systems,
- Installation and commissioning of substations,
- Earthing of the power plant – cabling and earthing of the solar panels and all other components,
- Installation of the transmission line to grid,
- Installation and commissioning of SCADA and automation systems, (Out Source links)
- Field tests, supervision and commissioning services,
- Performance monitoring and analysis,

Solar Power Plant Works

List of Major Project Executed

List of Ongoing Projects

1. CONSTRUCTION ENGINEERING COMPANY (SEPCO3)

Presently working at Taweelah 200MIGD Ro Independent Water Project, Project taking care of following activities:

- Construction of Facilities buildings,
- Foundation for water pipes , Water proofing's, Foundation Enforcement
- Piping works
- Steel Works
- Shuttering Works
- Block works
- Blaster works

2. AL-ASHFAQ TRANSPORTING & GENERAL CONTRACTING EST.

Presently working at piping fabrication & erection works at Habshan 5 project taking care of following activities.

- Piping Fabrication & Erection
- Hydro Testing,
- Valve Erection
- Restatement of testing spools,
- Commissioning , Final Boxup.

List of Major Project Executed

3. ITINERA GHANTOOT JV

Recently working with Reem Island project installation of CHW work taking care of following activities.

- Fabrication & Installation of chilled water piping.
- Plumbing works , Ducting, Electrical Works.

4. ARABIAN INDUSTRIES LLC – ABU DHABI

Presently working at piping fabrication works at Musaffah I-CAD 2 workshop, Project taking care of following activities:

- Mechanical fabrication
- Piping (LTCS, CS, SS, Alloy Steel, fabrication
- Steel Structure Fabrication (Light, Medium, Heavy Weight

List of Major Project Executed

List of Completed Projects

1. GS ENGINEERING & CONSTRUCTION ABU DHABI (Rumaitha/Shanayel Phase-III)

Recently completed project at Rumaitha/Shanayel phase-III with GS engineering & construction Abu Dhabi taking care of following activities:

- Fabrication and Installation of Piping CS, Alloy, SS
- Cable Tray Fabrications and Fixing
- Cable Pulling and Cable Terminations
- Panel Dressing and Terminations
- Testing and Commissioning for all panels
- Designing and Estimations

2. AI HASSAN ENGINEERING CO. ABU DHABI L.L.C. (Rumaitha/Shanayel Phase -III)

Recently completed project at Rumaitha/Shanayel phase-III with AI Hassan Engineering Abu Dhabi taking care of following activities:

- Fabrication and Installation of GRE piping approx. 40000 Dia inch.
- Excavation of Trench.

3. CONTROL AND APPLICATION EMIRATES (ADGAS DAS ISLAND)

Recently completed Infrastructure project at ADGAS GRE piping activities with Control and Application Emirates at **DAS ISLAND** details as under:

- Installation of GRE Piping 5 Km approx.
- Hydro testing & commissioning.

List of Major Project Executed

4. CHINA PETROLEUM PIPELINE ENGINEERING COMPANY LIMITED

Recently completed project at piping fabrication & erection works at Habshan Bu-hasa project taking care of following activities.

- Mechanical fabrication
- Piping fabrication and installation
- Manpower supply

5. NATIONAL PETROLEUM CONSTRUCTION COMPANY (NPCC)

Recently completed works with NPCC at NPCC Workshop, our scope to provide the technical manpower services details craft as under.

- Mechanical fabricators
- Multi welder
- Scaffolders
- Spray Painters

6. CHINA ENERGY ENGINEERING GROUP (UMM AL QUWAIN)

Presently Working at Umm Al Quwain Civil Work – With China Energy Engineering Group (CGGC) Taking care of following activities

- Steel Structure.
- Civil Works.
- Infrastructure and earthworks
- Infrastructure underground facilities.

7. IMCC INVESTMENT LLC

Recently working with IMCC at Musaffah Workshop, our scope to provide the technical manpower services details craft as under

- Structural fabricator.
- 6G welder
- 6GR welder
- Pipe Fitter

List of Major Project Executed

8. JAMES L WILLIAMS MIDDLE EAST

Recently completed project at GRE PIPE HDPE Piping network & MEP Works at MASDAR NEIGHBOR HOOD HOUSING, taking care of following activities:

- Installation of GRE& HDPE piping
- Chilled Water piping networks.
- MEP works

9. GHANTOOT OIL AND GAS DIVISION. (TAWEELA)

Recently completed project at Tawella gas compressor station project at Abu Dhabi, taking care of following activities:

- Installation of instrument air ring man F&G approx length of 1500M.
- Installation of insulation on piping and tanks.
- Installation of cladding on piping and tanks.
- Cable Tray Fabrications and Fixing
- Cable Pulling and Cable Terminations
- Panel Dressing and Terminations
- Testing and Commissioning for all panels
- Designing and Estimations

10. LATTICE GENERAL CONTRACTING LLC

Recently completed project at Sweihan PV Solar Plant- Installation of 297 MW – Zone 4 Project taking care of following activities:

- Fabrication of steel structure.
- Erection of steel structure.

List of Major Project Executed

11. GHANTOOT OIL AND GAS DIVISION. (TAKREER)

Recently completed project with GHANTOOT OIL & GAS | TAKREER details as follows:

- Underground GRE Piping Network.
- Fabrication, Erection Hydro testing.
- Commissioning.

12. HYNDUAI ENGINEERING GASCO (MANPOWER SUPPLY)

Recently completed project at SARAB- ZIRCO Island and taking care of following activities:

- Providing manpower services for the subject projects details as follows.
- Fabricator.
- Fitters.
- GRE technicians.
- Cable Tray Fabrications and Fixing
- Cable Pulling and Cable Terminations
- Panel Dressing and Terminations
- Testing and Commissioning for all panels

13. ASPEN CREATION (WARNER BROS, WBS, THEME PARK)

Recently completed project at WARNER BROS, WBS, THEME PARK, YAS ISLAND PROJECT taking care of following activities:

- Fabrication of steel structure.
- Erection of steel structure.

List of Major Project Executed

14. FORTUNE ENGINEERING & ENERY SERVICES

Recently completed work with FORTUNE in **SAUDIA ARABIA**, our scope to provide the technical manpower service details craft as under:

- Pipe fabricator.
- Fitters
- Multi Welders

15. OGASCO (MANPOWER SUPPLY)

Recently completed project with OGASCO at Musaffah Workshop, our scope to provide the technical manpower services details craft as under

- Piping Supervisor
- Multi Welder
- Fabricator
- Fitters
- Helpers
- Electrical Technicians
- Instrument Technicians
- Cable Pullers

16. FIRST GULF LINE DUBAI)

Recently completed project at GRE PIPE LINE PROJECT at JFZA Dubai, taking care of following activities:

- Installation of GRE piping approx. length of 10KM.
- Installation of HDPE piping.

List of Major Project Executed

17. JAMES L WILLIAMS MIDDLE EAST.

Recently working at piping fabrication & Erection Works at EXPO 2020 project taking care of following activities.

- Mechanical fabrication
- Piping Fabrication & Erection.

18. WATER MASTER WATER FEATURES WATER MANAGEMENT LLC UAE

Recently working at HDPE piping Size is (100 to 1200 MM) fabrication & Erection works at EXPO 2020 project taking care of following activities.

- Mechanical fabrication (Equipment)
- HDPE Piping, fabrication & Erection Works
- Steel Structure Pipe Support & Beam Fabrication (Light, Medium,)

19. AL FARAA GROUP ABU DHABI

Recently completed project at Creek Tower Dubai project taking care of following activities.

- Plumbing Work.
- Chilled water piping fabrication & Erection.

20. C & J GULFEQUIPEMENT MANUFACTUREING LLC

Recently completed project at piping fabrication & erection works at Musaffah workshop taking care of following activities.

- Mechanical fabrication
- Structural, Piping fabrication and equipment fabrication
- All kind of Welding and NDT

List of Major Project Executed

21. FIBREX CONSTRUCTION COMPANY (ABU DHABI)

Recently completed project at REEM Island with FIBREX Construction Company taking care of following activities: SHAMS VIRA

- Installation of chilled water piping
- Cable Tray Fabrications and Fixing
- Cable Pulling and Cable Terminations
- Panel Dressing and Terminations
- Testing and Commissioning for all panels

22. DRAKE & SCULL (ABU DHABI)

Recently completed project Warner brother at Yaas Island Them Park TP-2 with Six Construction Company taking care of following activities:

- Installation of chilled water piping.
- Installation of GI Duct
- Installation of PI Duct
- Installation of Fire rated Duct
- Fire Dumper & VCD's

23. BIN LAHEJ CONSTRUCTION COMPANY (DUBAI)

Recently completed project at JFZA with Bin Lahej Construction Company taking care of following activities: AL MAKTOOM AIRPORT RESDEANTION

- Installation of chilled water piping.

List of Major Project Executed

24. EMI TECH TECHNICAL SERVICES LLC (DUBAI)

Recently completed project in Emitech Technical Services at Jaddaf project details of activities as follow:-

- Chilled water piping fabrication & Erection.
- Plumbing Work.

25. HORIZON GULF ELECTROMECHANICAL SERVICES LLC

Recently working at Rawadht Sector E48 project installation of Ducting & CHW work taking care of following activities.

- Installation of chilled water piping.
- Installation of GI Duct
- Installation of PI Duct
- Installation of Fire rated Duct
- Fire Dumper & VCD'

List of Major Project Executed

26. LATTICE GENERAL CONTRACTING LLC

Recently working at development OF 6.55 MWp (DC) GROUND MOUNTED SOLAR POWER PLANT AT AL WATHBA DESERT RESORT & SPA PROJECT. taking care of following activities:-

- Land cleaning, site clearance, removing of herbs shrubs, and unwanted materials for site.
- Preparation of Roads (peripheral compacted road and internal compacted road with road base).
- Leveling of land to an even surface as per the drawing/ specification to match the zero level on table/row end to end.
- Compaction of soil below the array sleeper by Roller Compaction technique. e. Screed below MMS foundation and other foundations.
- Preparation and installation of monitor module mounting structure (MMS) precast foundation.

Quality Policy

Quality Statement

- PIONEER defines Quality in terms of successful performance of attributes such as excellence in design, material suitability, manufacturing compliance, workplace efficiency, safety and cleanliness, timely delivery and business process effectiveness that are entrusted to us by our clients.
- PIONEER complies with its Quality System by continually improving technical capabilities, shop floor work processes, material selection and use through effective and focused training.
- PIONEER encourages feedback and suggestions from employees, customers and suppliers that could enhance quality, increase productivity, and provide an environmental or workplace benefit and takes positive action accordingly.

Quality Assurance and Quality Control

- PIONEER has a full-fledged quality assurance and control department and is accredited with ASME, National Board, ISO and API requirements. We are pre-qualified with most of the oil field clients and are recognized by various third party certification / inspection agencies. We also carry out hardness tests, thickness tests, UT checks, micro/macro examination and various NDT activities.
- Our team of professionals from QA/QC is committed to assist clients to execute projects as per the quality plans and project specifications without any compromise on quality from material procurement to dispatch stage including final Project Quality document submission. We have been working with many classification agencies like ABS, DNV, Lloyds and GL on various projects with an excellent track record of quality and workmanship.

HSE Policy

At PIONEER, health, safety & well being of its employees, customers & contractors is sacrosanct. We aim to foster an atmosphere that focuses on the prevention of incidents and preservation of the environment. We operate in compliance with all the relevant environmental legislations and constantly strive to conduct all the activities in an efficient and eco-friendly manner, meeting guidelines and codes of conduct. Our commitment is to:

- Comply with all applicable legal, contractual, local & international legislations as well as our EHSMS related activities.
- Ensure that the responsibility of EHS is shared at all levels, from entry level to executive level.
- Regularly audit our EHSMS system & EHS performance and strive for continual improvement.
- Ensure that all the employees are adequately informed of identified risks and where appropriate, receive relevant information, instruction, training & supervision.
- Ensure continual reduction in risks related to health, safety & environment by establishing, monitoring & achieving improvement objectives.
- Maintain adequate documentation of the EHS Management System which will be the framework for setting and reviewing objectives and targets and continually improving our EHSMS.
- Ensure compliance of this policy for all employees, contractors and visitors.
- This Health, Safety and Environmental statement of intent is reviewed and, if necessary, revised accordingly.

Core Value

At PIONEER, we believe in engaging our employees in the process of the company's growth. As such, each member is dedicated to provide unmatched performance in every project.

PIONEER - A Culture of Ownership

Employee ownership is so much more than being a part of the PIONEER Employee Stock Ownership Program. It means taking ownership of our project, our daily decisions, and how our work affects our fellow employees. It is knowing that the decisions that you make everyday matter in our future success and caring enough to be thoughtful in your approach to those decisions.

Culture of Ownership

- ✓ - Being invested in the success of the company
- ✓ - Securing our collective financial future
- ✓ - Being accountable to your fellow co-workers
- ✓ - Striving toward Operation Excellence
- ✓ - Embracing our Vision, Values & Ethos

Why Choose PIONEER

- **Quality:** Our reputation for exceeding the highest quality standards in precision parts machining is precisely why our customers choose us, and choose to stay with us. Our first customer is still our customer later because of the quality they get part after part, year after year. With continuous improvement programs and ongoing investments in employee and management training, we are as a company that is 100% committed to award-winning quality. Our quality commitment is not just a function of our large, well equipped Quality Control Department. It actively runs through our entire operation .
- **Teamwork :** Working well together - inside and outside the company - is critical to any rewarding business relationship. The willingness to make sacrifices and work harder in the name of mutual benefit is one of the things our clients appreciate, and that they say sets us apart.
- **Passion for Precision :** Being passionate about the things we do is a big part of our heritage. That's one of the reasons why when someone tells us, it can't be done, we make sure that we do everything possible to get it done. We're just as passionate about making promises stick, so we won't make any promises we can't keep.
