RESCUE COB CHAMPIONSHIP – 1ST AND 2ND FROM CLASSES 122A, 122B, 123A & 123B to go through to Saturday's Evening Gala

Please check the below criteria for your entry

A) Rescued Cob

Criteria: Eligible for any Cob or Part-Bred Cob that has been rescued by a National Equine Welfare Council member charity. The aim is to promote the fantastic work the reputable charities do rescuing thousands of horses each year – many are cobs. Hundreds are rescued every year and receive full veterinary assessments and professional groundwork and handling training which make them fabulous non-ridden companions as well as ridden all-rounders. This class recognises how new owners take them from strength to strength.

B) Home Grown Talent

Criteria: Any cob or part bred cob who has been brought on from a neglected state. Please bring a story and pictures to see the transformation you have made in your cob's life. TGCA and Redwings do not encourage people to buy horses in a poor state, as difficult as it often is to walk away, dealers operating at the lower end of the market often make a business out of poor horses. However, your hard work and dedication to a previously poor pony should be recognised as the *homegrown talent* that they are! Well done!

Please post a short profile presentation with your cob's story to TGCA Head Office by the close of entries 01/07/2024 and ensure their name is clearly marked on the front.

THE TGCA WORKING TOGETHER TO PROMOTE THE DRUM HORSE WORLDWIDE

This group has been formed to openly discuss a new type of Drum Horse. There is nothing wrong with the types we now acknowledge. This new type of Drum Horse will be taller than you are used to seeing. Our purpose is to create a horse as close to Her Majesty the Queen's band of lifeguards, as we can make it. We are thinking that the minimum height of an adult mare is 16.1hh; for an adult gelding, or stallion, 16.3hh.
