- Visits with your dog are encouraged. All visits MUST be by appointment only. Appointments must be scheduled at least 24 hours ahead of time.
- Visitation is based on Southern Stryker Gun Dogs schedule. Weekdays are preferred. But we do plan 1 weekend a month for weekend visits, so that we aren't stuck around the kennel every weekend waiting on people.

DISCLAIMER

A hunting dog takes a lot more than it wanting to just want to retrieve. Not all Labs (or other retrieving breeds) will make a hunting dog.

Buying a dog from a non titled & hunting stock pedigree has a very good chance at not making the cut as a hunting or hunt test dog.

I understand that not all dogs have natural retrieving desire and that Southern Stryker Gun Dogs is not responsible if my dog does not meet the standard of becoming a gun dog for whatever reason (lack of retrievedesire, dislikes water, too soft for pressure, etc).

I also understand that not every dog is the same and may be slower or faster to train than other dogs. I will NOT question the trainer on my dog's ability and will NOT rush the trainer. Which could result in my dog not becoming the dog it could be.

Go Home Contract

(Do not fill this application out until said dog is being released to go home)

I _____ have looked over my dog's health and agree my dog is going home from Southern Stryker Gun Dog's Kennel in the following conditions.

I understand that my dog has been exercised and trained regularly. But I agree that my dog is going home in a good body condition (could be slightly thinner than when arrived) but my dog is not severely underweight with his/her spine protruding nor hip bones protruding.

I understand that by my dog staying in a concrete kennel, it could have some slight "concrete rubs" and small patches of hair missing. But I agree that my dog is not going home with large number of missing patches of hair.

I have looked over my dog and my dog doesn't seem to be limping.

I have looked over my dog and there are no large visible cuts.

To my knowledge, my dog is in good health and condition.

If my dog was injured at all during the stay, I was informed immediately and Southern Stryker Gun Dogs handled it in a professional manner. Where I was given the option to have my dog brought to the vet or hold off 48 hours.

If my dog needed Veterinary care, Southern Stryker Gun Dogs brought my dog to the vet and I was informed of my dog's condition and I was presented the invoice immediately from leaving the vet's office.

I understand that by my dog going back to a "home setting" they may be stressed out a bit and have diarrhea for the first 24 hours.
