2. Isaiah 13:4-6
3. GENESIS 26:4 (SECOND HEAVEN THE SKY/SPACE)
4. JEREMIAH 4:25
5. 2 Corinthians 12:1-5 (Referring to Christ/Third heaven)
6. Hebrews 8:1
7. John 3:13
8. Psalms 148:1-5
9. Genesis 1:1-8 (The Third heaven is in outer space beyond a vast expanse of water
  - Verses 1-3 in the beginning the earth had not form or shape and the universe was black and void with pockets of water. Remember there is no sun or moon yet so the days are not 24 hour days. Also in the beginning before day one of creation; heaven and the void earth already existed. The earth can be billions of years old.
  - Verses 3-5 This light was not sunlight. Because the sun was not created yet. The Black hole behind the expanse of water that separates the third heaven from the second heaven is a quasar. A quasar (<sup>/</sup>kwɛɪzɑːr/) (also known as a quasi-stellar object abbreviated QSO) is an extremely luminous active galactic nucleus (AGN). It has been theorized that most large galaxies contain a supermassive central black hole with mass ranging from millions to billions of times the mass of the Sun. In quasars and other types of AGN, the black hole is surrounded by a gaseous accretion disk. As gas falls towards the black hole, energy is released in the form of electromagnetic radiation, which can be observed across the electromagnetic spectrum. The power radiated by quasars is enormous: the most powerful quasars have luminosities thousands of times greater than a galaxy such as the Milky Way. In physics, electromagnetic radiation (EM radiation or EMR) refers to the waves (or their quanta, photons) of the electromagnetic field, propagating (radiating) through space, carrying electromagnetic radiant energy.[1] It includes radio waves, microwaves, infrared, (visible) light, ultraviolet, X-rays, and gamma rays. The light in these verses were probably gamma rays.)

- Verses 6-9 Sometime between day two and day six is when the Satan probably led his rebellion. Isaiah 14:13-14 Informs us that Lucifer was on earth before the rebellion because he had to ascend up above the clouds. The clouds were created on day two. We also know God told Adam after creating him not partake of the Tree of Knowledge of Good and Evil which was Satan. So this means Satan and his angels already fell.)
- Scientists Discover The Oldest, Largest Body Of Water In Existence—In Space: Around a black hole 12 billion light years away, there's an almost unimaginable vapor cloud of water—enough to supply an entire planet's worth of water for every person on earth, 20,000 times over. BY CHARLES FISHMAN; Scientists have found the biggest and oldest reservoir of water ever—so large and so old, it's almost impossible to describe. The water is out in space, a place we used to think of as desolate and desert dry, but it's turning out to be pretty lush. Researchers found a lake of water so large that it could provide each person on Earth an entire planet's worth of water—20,000 times over. Yes, so much water out there in space that it could supply each one of us all the water on Earth—Niagara Falls, the Pacific Ocean, the polar ice caps, the puddle in the bottom of the canoe you forgot to flip over—20,000 times over. The water is in a cloud around a huge black hole that is in the process of sucking in matter and spraying out energy (such an active black hole is called a quasar), and the waves of energy the black hole releases make water by literally knocking hydrogen and oxygen atoms together. The official NASA news release describes the amount of water as “140 trillion times all the water in the world's oceans,” which isn't particularly helpful, except if you think about it like this. That one cloud of newly discovered space water vapor could supply 140 trillion planets that are just as wet as Earth is. Mind you, our own galaxy, the Milky Way, has about 400 billion stars, so if every one of those stars has 10 planets, each as wet as Earth, that's only 4 trillion planets worth of water. The new cloud of water is enough to supply 28 galaxies with water. Truly, that is one swampy patch of intergalactic space. Equally stunning is the age of the water factory. The two teams of astrophysicists that found the quasar were looking out in space a distance of 12 billion light years. That means they were also looking back in time 12 billion years, to when the universe itself was just 1.6 billion years old. They were watching water being formed at the very start of the known universe, which is to say, water was one of the first substances formed, created in galactic volumes from the earliest time. Given water's creative power to shape geology, climate and biology, that's dramatic. “It's another demonstration that water is pervasive throughout the universe, even at the very earliest times,” says Matt Bradford, an astrophysicist at NASA's Jet Propulsion Laboratory and leader of one of the teams that made the discovery. It is not as if you'd have to wear foul-weather gear if you could visit this place in space, however. The distances are as mind-bogglingly large as the amount of water being created, so the water vapor is the finest mist—300 trillion times less dense than the air in a typical room.

10. Isaiah 14:12-21 (Star Wars=Angels are sometimes represented or referred to as stars in the Bible. There was a war in outer space prior to man's creation between Lucifer and his aliens and Michael and his aliens. Lucifer led a rebellion of a third of the Aliens against the Elohim. Alien simply means not of this world. Extraterrestrial: originating, existing, or occurring outside the earth or its atmosphere; a being from another world. The Elohim and Angels are Spirit beings who originated from the Third Heaven outside beyond the boundary of our universe. Verse 14 Aliens were on earth during the creation process. We will breakdown every precept in this passage.)

24. Revelation 9
25. Revelation 16
26. 1 Corinthians 15:12-28\_35-58 (Zombie Apocalypse. Zombie= 1871, of West African origin [compare Kikongo zumbi "fetish;" Kimbundu nzambi "god"], originally the name of a snake god, later with meaning "reanimated corpse" in voodoo cult. But perhaps also from Louisiana creole word meaning "phantom, ghost," from Spanish sombra "shade, ghost." Sense "slow-witted person" is recorded from 1936. Reanimated corpse means resurrected body. The aliens will create zombies in their likeness to assist in the apocalypse/Alien invasion. Jesus was the first fruit or first test run. Just like the Alien scientists had to test their hypothesis about the resurrection (Humans or terrestrial beings dying and coming back to life as Spirit or Extra-terrestrial beings) with Jesus himself doing a test run; they also had to test the hypothesis that humans or terrestrial beings that are still alive can be instantly transformed into Spirit or Extra-terrestrial beings after the 7th trumpet of the Alien invasion. Hence Enoch being translated.)

  - During the terraforming Jesus will reign on earth a thousand years. There will be peace during this period and homo-sapiens will not be allowed to wage war. The aliens will also cause animals to live at peace with each other and humans. The Aliens will institute Alien law and reinstitute the Sacrificial/Levitical law. They will also use their Alien tech to heal earth and fix our healthcare. Man will live longer. Also the Negroes of the world scattered globally via slavery will be gathered by the Alien/Zombie forces and brought to live in their original homeland of Israel.All eople will return to their original Genesis 10 homelands)
