## Premier Physical Therapy and Sports Performance (PPT) HIPAA Information and Consent Form

The Health Insurance Portability and Accountability Act (HIPAA) provides safeguards to protect your privacy. Implementation of HIPAA requirements officially began on April 14, 2003. Many of the policies have been our practice for years. This form is a "friendly" version. A more complete text, as amended, is posted in the office and is available upon request.

What this is all about: Specifically, there are rules and restrictions on who may see or be notified of your Protected Health Information (PHI). These restrictions do not include the normal interchange of information necessary to provide you with office services. HIPAA provides certain rights and protections to you as the patient. We balance these needs with our goal of providing you with quality professional service and care. Additional information, illustrations and the full complete law, which includes educational videos, are available from the U.S. Department of Health and Human Services. <a href="https://www.hhs.gov">www.hhs.gov</a>

We have adopted the following policies:

- 1. Patient information will be kept confidential except as is necessary to provide services or to ensure all administrative matters related to your care are handled appropriately. This specifically includes the sharing of information with other healthcare providers, laboratories, and health insurance payors as is necessary and appropriate for your care. Patient files may be stored in open file racks and will not contain any coding which identifies a patient's condition or information which is not already a matter of public record. The normal course of providing care means that such records may be left, at least temporarily, in administrative areas such as the front office, examination room, etc. Those records will not be available to persons other than office staff. You agree to the normal procedures utilized within the office for the handling of charts, patient records, PHI and other documents or information.
- 2. It is not the policy of this office to remind patients of their appointments. If, however, we choose to do so, we may do this by telephone, e-mail, U.S mail, or by any means convenient for the practice and/or as requested by you. We may send you other communications informing you of changes to office policy and new technology which you might find valuable or informative.
- 3. The practice utilizes a number of vendors in the conduct of business. These vendors may have access to PHI but must agree to abide by the confidentiality rules of HIPAA and have been offered Business Associate Contracts to execute.
- 4. You understand and agree to random inspections of the office and review of documents which may include PHI by government agencies or insurance payors in normal performance of their duties.
- 5. You agree to bring any concerns or complaints regarding privacy to the attention of the HIPAA Compliance Officer or the physical therapist. If you do not believe your complaints are being heard or acted upon you may contact HHS.
- 6. Your confidential information will not be used for the purposes of marketing or advertising of products, goods or services.
- 7. We agree to provide patients with access to their records in a timely manner in accordance with state and federal laws.
- 8. We may change, add, delete or modify any of these provisions to better serve the needs of both PPT and the patient.
- 9. You have the right to request restrictions in the use of your protected health information and to request change in certain policies used within the office concerning your PHI. However, we are not obligated to alter internal policies to conform to your request.

	, do hereby consent and acknowledge my agreement to the RMATION FORM and any subsequent changes in office policy. I understand
that this consent shall remain in	force from this time forward even though amendments may be enacted.
