A powerful way to speed up service to your customers and increase productivity

Utilizing the same Android technology that is dominating the computer industry, the new ChefTab-BUMP, Kitchen Display System installs easily, replacing those old fashion kitchen printers. You don't need to be a computer expert Just choose your own Monitor / TV and connect it to the ChefTab-Bump controller. The ChefTAB-BUMP comes with everything else you need, including cables and mounting hardware. In minutes you are up and running.

Many busy kitchens and bars struggle to maintain control in an environment driven by slips of paper. With the ChefTAB-BUMP, these inefficiencies are eliminated. Operators can easily view all pending orders as well as review recently bumped orders.

The ChefTAB-BUMP is a state-of-the-art solution to your kitchen video needs. This miniature device along with its rugged 20 key Bump-Bar is ideal for the workplace, where dependability is a must and space is at a premium. This replacement for your Epson or Star Kitchen network printer is easily configured to your system via its unique Ticket Genie. Simply put it in capture mode and send an order from your POS system.

The Ticket Genie will display the order and allow you to select the fields you would like to display along with their format. The ChefTAB-BUMP's Video output allows you to connect any HDMI Monitor / TV. Choose a screen as large or as small as you like.

The ChefTAB-BUMP is perfect for restaurants, coffee shops, sandwich shops, bars or any place that you would use a kitchen printer.
