

“A lossless streaming service, a suitable phone and the Cyrus will realistically be all the Hi-Fi that even some very discerning people will ever need.”

Ed Selley, avforums.com

With a Zen-like simplicity, the Cyrus ONE HD can transform any space into a haven of relaxation and tranquillity. The all-in-ONE hi-fi amplifier connects wirelessly to your phone, to receive glorious high-resolution music via our acclaimed aptX HD Bluetooth system. Connect to a TV, PC or any digital or analogue source for astonishing clarity and depth.

Vinyl fans can connect a turntable directly to our built in phono-stage, derived from our award-winning Phono Signature.
