**HOBBY GENERATED INCOME** — April YYYY to Present

Create silhouettes from headshots of family members. I brought portfolio to class for Show & Tell. Many parents ask me to create headshot silhouettes of their children. Created and maintain an e-mail base of my growing list of customers. Christmas is one of my busiest times. I learned that grandparents love getting silhouettes of their grandchildren.

In July YYYY successfully held a home art exhibit featuring charcoal pencil drawings. Asked by neighbors to create and distribute catalog within the subdivision. The catalog was created and distributed through E-mail. Listed hobby in subdivision's homeowners' association directory.

**CREATIVE SALES** — Since June YYYY

Participate in and have won several children's art contests. Set up a booth at local annual Children's Fall Festival where I sell my art. Suggest that parents display the art in a playroom or in a nursery.

**TEACHER'S ASSISTANT** — September YYYY to Present

This task is rotated among students. Responsibilities include: cleaning chalkboard, straightening bookshelves, dusting, turning off classroom computers, and shelving books in the school library.

**CHARITABLE DONATIONS**

Donated several colorful drawings to local children's hospital. My drawings hang in the main corridor just outside the children's ward.

**INCREASED EXPOSURE**

My drawings are displayed in these shops within our city square: Red's Café, Sophie's Eatery, and Kids' Kraze Clothing

**SOFTWARE AND OPERATING SYSTEMS**

PenSulare (image editing software), Microsoft Word, PowerPoint, Photoshop

**OTHER INTERESTS**

Enjoy playing video games, going to the Center for Puppetry Arts, and finding books on histories of art styles and techniques. I enjoy studying the paintings of famous American Artists like Georgia O'Keeffe and Frederic Remington, and of French Artist, Claude Oscar Monet.

**INTERNSHIPS**

Awarded a fully paid internship in a children's art class at the Art Institute — Summer YYYY
