

## Statement of Real Estate Rentals

- Use this form if you own and rent real estate or other property. It relates mainly to renting real estate but also covers some other types of rental property such as farmland. This form will help you determine your gross rental income, the expenses you can deduct, and your net rental income or loss for the year.
- To determine whether your rental income is from property or a business, consider the number and types of services you provide for your tenants:
  - If you rent space and only provide basic services such as heating, lighting, parking, laundry facilities, you are earning an income from renting property.
  - If you provide additional services such as cleaning, security and meals, you may be conducting a business.
- For more information about how to determine if your rental income comes from property or a business, see Interpretation Bulletin IT-434, Rental of Real Property by Individual, and its Special Release.
- If you are a co-owner of a property, you have to determine if a partnership exists before filling in the Identification part below. To determine if you are in a partnership, see Income Tax Folio S4-F16-C1, What is a Partnership?
- For information on how to fill out this form, see Guide T4036, Rental Income.

For dispositions after July 29, 2019, you will have to adjust the actual cost of the vehicle for any payments or repayments of government assistance that you may have received or repaid in respect of the vehicle.
