MAY 2024 Newsletter

On The Cover: The morning sun awakened for the day popping over the tree-lined hills behind the Kohl's complex as LOCC members lined up to caravan to the Mid-MO Corvette Cup on April 13th. Don Dettman's Elkhart blue C8 Stingray shone brilliantly as the early morning rays bounced off the metallic flakes. The Myers' Arctic white Grand Sport is pictured in the background.

President Santz's Monthly Report

Hello LOCC Members,

With the arrival of warm weather, it's a great time to be a Corvette owner and enthusiast! We kicked off April really strong. Our monthly meeting was held at H. Toad's Bar & Grill with 100 members attending. That was an amazing turnout and I truly appreciate the membership's participation. We have added 12 new members to our club since the last meeting bringing our membership to 222 members!

Our club had 15 Corvettes entered at the Mid-Missouri Corvette Cup car show in Columbia, MO and brought home 7 awards. That is quite an accomplishment. Congratulations to all of the winners.

We also got some great news concerning Hot Summer Nights. If you've driven down the Bagnell Dam Strip recently, you would have noticed that demolition at Two Bit Town has been completed. This will allow us to park in that area again this year for Hot Summer Nights. A contract has been signed to reserve that parking area for LOCC. A special thanks to LOCC member Randy Gross and the Bagnell Dam Strip Association for helping us secure this location. The first Hot Summer Nights event will be on Friday May 10th. We will meet at the Two Bit Town parking area in the early afternoon. For anyone not familiar with the area, it's right next to the Chief Bagnell Indian statue.

I would like to provide a brief update of our 2024 Corvettes In Paradise car show. First of all, I want to express my deep appreciation to all of the members who make this event possible. Without the 90 members who volunteered their time, money, and energy we couldn't make this happen. From the committee members who assisted in planning the event, to those who took care of obtaining all the trophies, plaques, T-Shirts, silent auction items, goody bag donations, sponsor donations, participant registrations, vendor displays, and advertisements, I can't thank you enough. The volunteers who put in so much of their time at the show are truly the face of LOCC and you are the reason we have such a successful show that Corvette enthusiast come back to year after year. Well done!

The success of the 2024 Corvettes In Paradise car show was simply amazing! I am so proud of the teamwork displayed by our club. It was great to hear all the comments from show participants about how well organized things were and how helpful and friendly the volunteers were; always ready to assist when needed. Your attitudes make the difference and separate us from other car shows! Many of the participants told me that this is their favorite car show.

The Friday evening Meet and Greet sponsored by LO Profile magazine was a great success. Show participants and LOCC volunteers enjoyed Turkey Slider sandwiches, Chilled Crab dip with Crostini, Carrot, and Celery sticks along with a cash bar. Live entertainment was provided by Acoustic Guitarist Dave Baker. In conjunction with the Meet & Greet, a very successful Silent Auction was held by Dave & Mary Chapman and all their volunteers. The Silent Auction raised over \$10,500 for our charities.

President's Monthly Report Continued...

On Saturday, the Opening Ceremony began at 10:00 am with the National Anthem and a Military Anthem tribute to the men and women who serve our nation. A special thanks to all of the parking crew and traffic directors that made it possible to get all the Corvettes in their designated areas. Hundreds of Corvette enthusiasts and guests enjoyed viewing the amazing Corvettes on display from every generation. The show concluded with the awards ceremony to recognize those Corvette owners with the top cars in their classes.

I can't thank you enough for everyone who worked on this show starting in August of 2023 until April 27th of 2024. Once again, LOCC members rose to the challenge and raised the bar even higher. Thanks to you, our charities will benefit greatly from all the monies raised during this event. More details will follow in an upcoming special edition Corvettes In Paradise newsletter.

Our May 19th meeting will be held at Hulett Chevrolet in Camdenton. Hulett Chevrolet will clear an area in the front of their lot for members to park their Corvettes. The showroom floor will be cleared and tables & chairs will be setup for our lunch and meeting. LOCC will provide a catered BBQ lunch in appreciation of our members. The meal will be prepared by The Tavern Smokehouse. Please bring your own beverage and lawn chairs if you wish to relax outside while viewing all of our member's Corvettes. I want to thank Hulett Chevrolet who is a Premier Sponsor of our Corvettes In Paradise car show and has been a great supporter of our club.

I hope to see you at the May 19th meeting. Thanks for your continued support and participation.

Dave

On the right, Pepper Guthrie is pictured with their new, riptide blue Z06. Stephanie Wiskur, who provided the picture, says they are ready to get the car out and drive once the April showers have run their course. Maybe Mother Nature will smile upon them and fellow LOCC members who are ready to go for Corvette rides in May! Congratulations Pepper and Stephanie on that beautiful Z06!

MID—MO CUP 2024

LOCC brought 15 cars to the Mid Missouri Corvette Cup hosted by the Mid-Missouri Corvette Club in Columbia on April 13th. The day began as eleven cars met at the LOZ Kohl's parking lot at 7 a.m. and one rapid blue C8 joining the group en-route to the show. LOCC was joined by three additional club cars at the Elk's Club in Columbia. With what seemed like the clearest blue skies of 2024 yet and mild temperatures, the day was perfect for a Corvette show. LOCC club members attained a total of seven trophies for the day, but the best part was the laughter and fellowship shared.

More from Mid-MO

Fred Catcott: 1st Place C3 Coupe

Steve & Brenda Myers: 1st Place C7 Convertible

Randy and Becky Wormsley: 3rd Place C5

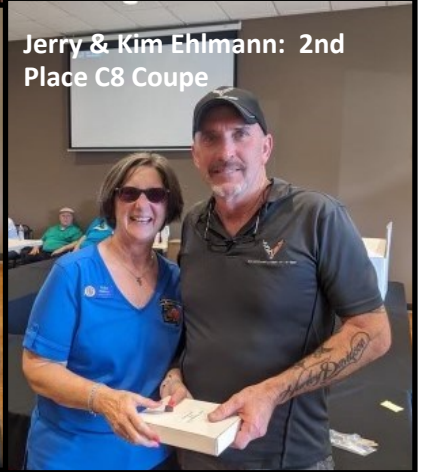

Mike & Sandy Funk: 2nd Place C6 Wide Bodies

Dean Burchett: 3rd Place C8 Convertible

Dave & Sherry Lantz: 3rd Place C8 Coupe

Jerry & Kim Ehlmann: 2nd Place C8 Coupe

“Adrenaline Meets Tradition”

The mission of the National Corvette Museum is to celebrate the Corvette’s invention and preserve the legendary automobile’s past, present, and future. The Museum will serve as an educational and research model for all to enjoy.

Find the NCM at www.corvettemuseum.org and on Facebook. Subscribe to the Corvette Campus Connection to receive free information of museum happenings.

The Annual NCM trip is absolutely the best way to get to know other LOCC members and to see first-hand your museum. Ed is just back from his planning trip and below is sharing some the highlights of what is in store for this year.

On Tuesday, April 16th, Lourdes and I after taking Luna (our Red Lab) to the kennel took off from Camdenton to Bowling Green in our ‘24 C8 convertible to enjoy the drive and also to check out and finalize details of the LOCC’s Annual Trip to the NCM & Motorsports Park which we will lead. We made one stop at Mount Vernon, IL for gas & lunch before arriving at the Embassy Suites in BG at 5:00 PM. The hotel is relatively new, and everything is very nice and first class! We met with Jana Jacobsen, Embassy Suites Sales Manager the next morning after a delicious cooked to order breakfast just off the lobby area. GM was hosting a weeklong “Corvette Academy” for their dealers so there were a lot of Corvette enthusiasts. Each evening the hotel hosted a reception for guests including 2 free drinks plus appetizers.

On Wednesday we went over to the new Aviation Heritage Park and met with Trace Kinney to coordinate the tour of the museum with our group. We then went over to the NCM and met with Paul Crafton. We did a quick tour of the new displays, watched several Museum deliveries, and went over the menu options at the Stingray Grill. Leaving the NCM we headed the short drive over to Motorsports Park and met with Tim Vernak. The new Motorsports Park retail and training center was a huge improvement over the tents of the past several years. The area was full of Corvette dealers learning about the new Corvettes including the E-Ray. They had a lot of different models there both on and off the track. After meeting with Tim, we purchased several items at the retail store and then watched the dealers drive the cars on the track. - WOW! We had pizza from Donato’s Pizza that evening thanks to Spence Sheldon Donato’s founder.

Thursday, we checked out several wineries (Traveler’s Cellar Winery & Bluegrass Vineyard) & a brewery but we were not very impressed due to their small size and retail sales only focus. We found the Railroad & Depot Museum very interesting along with the Trolley Tours of BG. Debbie Eaton was very knowledgeable and had several good suggestions. We then checked out several restaurants for lunch and really liked the Spillway Bar & Grill co-owned by Jason Jones. Good paved parking, indoor & patio seating and a very interesting menu! We then head the short distance over to the Underground Boat Tour at Lost River Cave and met with Becky Madison. This should be an interesting tour! Last year they had over 700,000 visitors!! They will have “special parking” for our Corvettes as Becky used to work for the NCM! We headed back to the Embassy Suites for the reception and then we had dinner reservations at Tony’s Steak and Seafood at the hotel and finalized plans with Zack Maulden, Manager for the Club’s final day dinner on the upcoming trip. Our dinner was outstanding in attention to service, quality of the food and the ambiance of the restaurant - all first class!

We left Bowling Green Friday morning after an early breakfast at the hotel and pointed the C8 westward. We arrived home at 2:30 PM after putting on 1,100 miles during the trip and averaged 23.8 mpg for the entire trip including both city & highway. We are looking forward to leading the LOCC members on the July 24th. - 27th.

Did You Know?

Chevrolet used other Chevrolet parts in the production of the Corvette until 1997. 1997 was the first year that nearly every part was created exclusively for Corvettes. There was one exception, the exterior door handles were the same handles used for the Oldsmobile Aurora.
