Save Money, Gain Value!

When it comes to offering your study club programming that's not industry-related, it's important that it be something of high value!

Industry related training is great, but too often there's not enough said about the business aspect of a practice, and the human element that makes it up. *Dodge Development has specialized in just that* for over two decades with a proven track record of success!

Once again it's worth mentioning— we are honored to be able to work with ***Benco Dental*** as our new partner and sponsor! This is going to help us work with you on a practice by practice basis in an effort to keep the programming top notch, *and the cost down!*

Don't miss this opportunity!

Bryan is a highly in-demand speaker and there are limited opportunities! Give us a call today and let's explore the possibilities!
