Gemstone Jewelry

Our gemstone rings and cuff links reveal brilliant jewels encased in the subtle elegance of polished tungsten. This hint of natural color produces an exquisite appearance.

TN-3106 Band width 8.0 mm

TIGER EYE:

As the name suggests, this quartz stone boasts golden brown stripes with fiery accents. The varied texture in this jewel makes every piece an original.

SCL-4106

LAPIS LAZULI:

A fine, intense blue gives this jewelry a lavish look. The azure gemstone was popular centuries ago in the Mediterranean areas of the world and is still a classy jewel today.

TN-3107 Band width 8.0 mm

TN-3108 Band width 8.0 mm

STAR JASPER:

This natural mix of earthy colors gives this jewelry a warm appearance. Impress your love ones with this speckled stone's unusual pattern.

SCL-4108

SERAPHINITE:

Named after angels, the velvet look in this stone catches the light perfectly. This piece is exciting and glamorous.

SCL-4109
