

**FIREMED
GROUND TRANSPORTATION**

PROTECT YOUR HOUSEHOLD WITH AN EMERGENCY GROUND MEMBERSHIP

Using an ambulance is a very expensive medical procedure. Members of a household can help protect themselves from a high ambulance bill when they need emergency medical transport. The Ground Program will protect an individual from having any out-of-pocket expense if they or a member of their household needs an emergency ambulance. Under the Ground program, we will bill your insurance. We accept what the insurance pays as payment in full, thus you will never get a bill for an emergency ambulance call.

FIREMED GROUND MEMBERSHIP BENEFITS:

- Providing superior patient care
- Part of a shared network of more than 80 other participating agencies
- Ground membership protects you from out-of-pocket ground transport expenses

A Global Medical Response Solution

**AIRLINK CRITICAL CARE TRANSPORT (CCT) AND
AIRMEDCARE NETWORK (AMCN) EMERGENT AIR**

PROTECT YOUR FAMILY AND YOUR FINANCES

In a medical emergency, every second counts. That's why AMCN's alliance of dedicated emergency medical transport partners stand ready to help in critical situations. Our caring and experienced AirLink CCT crews can quickly arrive at the scene and transport patients to the closest appropriate medical facilities. In Rural Oregon, we're your best link for higher levels of care between one hospital to another hospital for advanced life saving specialties. And, while Air Link CCT deploys to help all those in need, there are many benefits to membership.

AMCN MEMBERSHIP BENEFITS:

- Membership covers everyone in your household
- Members have no out-of-pocket expenses if flown by an AMCN provider
- Insurance is not required for membership
- Membership includes our network of 320 locations in 38 states, so you are covered even when you travel

STANDING BY TO HELP THOSE IN URGENT NEED

When we're called, AMCN providers such as AirLink CCT, respond with caring, experienced, highly-trained crews and aircraft equipped with the latest life-saving and life-support equipment.

- Air medical transportation for seriously ill or injured patients to nearest medical facilities
