**Subject: 2022–2023 Grand Jury Final Report – Compliance and Accountability**

Dear Board of Directors:

The 2022-2023 Placer County Grand Jury hereby releases the 2022-2023 Grand Jury Final Report, dated June 27, 2023.

Enclosed is your personal copy of individual report where the grand jury identified you as having an interest in the report subject. No response is required from you.

The full report is being published primarily in electronic form. If you are interested in reviewing the full report, it is available on the Superior Court's website at [www.placer.courts.ca.gov/general-information/grand-jury/grand-jury-reports-resolutions](http://www.placer.courts.ca.gov/general-information/grand-jury/grand-jury-reports-resolutions). Hard copies are being distributed as necessary. Please send an email to [info@placergrandjury.org](mailto:info@placergrandjury.org) if you would like a hard copy.

Sincerely,

Barbara Ferguson, Foreperson  
2022-2023 Placer County Grand Jury

## Discussion

### What is a Fact?

After research on a topic has been completed, the grand jury determines what facts of the investigation or inspection have been discovered. What is a fact? According to the California Grand Jury Association (CGJA) facts are:

- information proven to be true,
- verified by several sources,
- objective – not subject to interpretation, and
- precise.

### What is a Finding?

Once the grand jury has determined the facts, findings are developed. The grand jury's findings are listed in each report and may or may not lead to a recommendation. What is a finding? Per the CGJA, findings are:

- conclusions or value judgments based on verified facts which express approval or disapproval,
- the link between the facts and the recommendations.

### What is a Recommendation?

From the findings, recommendations are written, which are actions the grand jury concludes the investigated/inspected entities should implement. Recommendations should be SMART, meaning they must be:

- Specific
- Measurable
- Actionable
- Reasonable
- Time framed

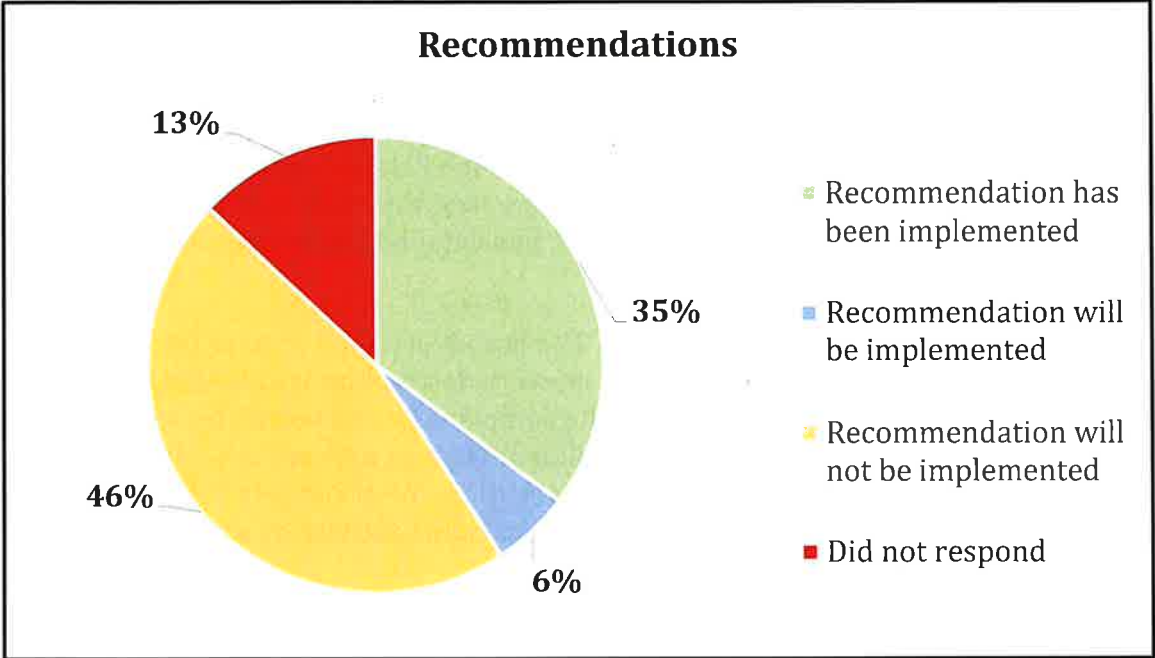

### What is a Compliant Response?

Penal Code § 933.05 is very specific in what is required in a response. First, a respondent must address the findings listed in the report. There are only two responses allowed by the penal code. However, additional information is required if the respondent disagrees with a finding. If a report only lists findings and there are no recommendations, a response agreeing or disagreeing with each finding is not necessary.

The respondent **agrees** with the finding.

The respondent **disagrees** wholly or partially with the finding; in which case the **response shall specify the portion of the finding that is disputed and shall include an explanation of the reason(s) therefore.**

The chart below provides the implementation statistics for the recommendations by the respondents to the nine reports published by the Placer County Grand Jury in June 2022.

The tables on the following pages list each of the nine reports. Included is the summary of each report along with the findings, recommendations, and if the response(s) given to each recommendation is compliant with the penal code. From the data provided in these tables, the current grand jury developed their findings and recommendations for this report, which can be found starting on page 43. Penal Code § 933.05 can be found at the end of the report.

# **Livestreaming of Classes Rapid Response from Schools During the COVID-19 Pandemic**

## **Summary**

The COVID-19 pandemic that began in 2020 forced Placer County public schools to readjust how students were to be taught. Superintendents, principals, teachers, students, and parents participated in the necessary shift from in-class learning to distance learning, coordinated by the Placer County Office of Education. Numerous obstacles were overcome by the persistence and ingenuity of all involved. The experience and knowledge gained by Placer County educators will be useful if and/or when future disasters occur, such as fires, floods, and disease outbreaks.

The pandemic brought to focus the need for developing and increasing the use of technology in the education of students, not only in a classroom setting, but in off-site settings as well. Livestreaming of neighborhood school classes during the pandemic months demonstrated it to be a workable learning option. Once students returned to the school setting, the use of this technology, was discontinued. The Placer County Grand Jury (PCGJ) researched how Placer County school districts handled implementation of alternative teaching methods during the pandemic and if livestreaming of a neighborhood campus is subsequently being considered as an alternative mode of instruction available to students who choose to continue to study at home but still be a part of the local campus.

# **Placer County Juvenile Detention Facility and Rocklin Police Department and Juvenile Holding Facility**

## **Summary**

California grand juries are mandated by California Penal Code § 919(b) to inspect and report on juvenile detention facilities. The 2021-2022 grand jury inspected both the Rocklin Juvenile Detention Facility and the Placer County Juvenile Detention Facility (PCJDF) on September 15 and November 4, respectively. The grand jury found both facilities to be well-organized, neat, well maintained, and run by dedicated and knowledgeable staff. The grand jury was particularly impressed by the programs for juveniles in the PCJDF and the philosophy behind the programs.

F5: The Placer County Juvenile Detention Facility is operating at significantly less than capacity, which is consistent with an admirable change in philosophy dealing with juveniles. Rather than adopting a punitive approach, staff is working to help juveniles re-enter their home communities and programs.	X									Compliant
F6: The Rocklin Juvenile Detention Facility is underutilized and, therefore, is a waste of resources and space.	X									Compliant

## Truckee Tahoe Airport District - A Model Airport

### Summary

The Truckee Tahoe Airport District (TTAD) is one of the largest special districts in Placer County. The 2021 annual budget for the TTAD was \$18.9 million. The major funding sources include property taxes, fuel sales, and federal aviation subsidies. Although all homeowners pay property taxes, not all residents utilize the airport.

The Placer County Grand Jury investigated the budgeting process of the TTAD and was particularly interested in how funds were utilized that were received via property taxes. We found that the funds received were directed appropriately. The TTAD utilizes a transparent budget process which provides multiple opportunities for citizens to share concerns and suggestions on potential uses of these funds.

## **Continuity and Accountability**

### **Summary**

The primary duty of the Placer County Grand Jury is to investigate the functions of city and county government, schools, and special districts. Each year in June, the grand jury issues its final report which includes reports on inspections and investigations done during the term.

The report provides findings and recommendations for each investigation and inspection. Traditionally, a response report is issued in the November timeframe by the grand jury containing the responses from the investigated entities to their respective recommendations.

The 2021-2022 grand jury believes it is important to verify that the responses were compliant with Penal Code § 933.05, which outlines what each response is to include. The intent of this report is to confirm that entities comply with the penal code. The Placer County Grand Jury produced its first continuity report in June 2021. This is the grand jury's second continuity report.
