

## BEES AND FEES

-> \* **Mercy and Caring Children's Home in Kenya** has become home to hundreds of bees. Nancy, Cheryl and our manager Arusa's weekly 3-way Friday phone call held this surprise. Our part

of Kenya is a natural habitat for honey producing bees. At first the manager tried to poison them with chemicals, but they returned. Then he tried boiling water, but they returned. Seeking advice, he found bees are welcome if you give them a home (bee hives) and become friends with them. That's working. Pastor Arusa told the children

the bees only sting if they sense danger, you get in their flying path or they have been ordered by the queen bee. *This buzz could become a honey of a blessing.*

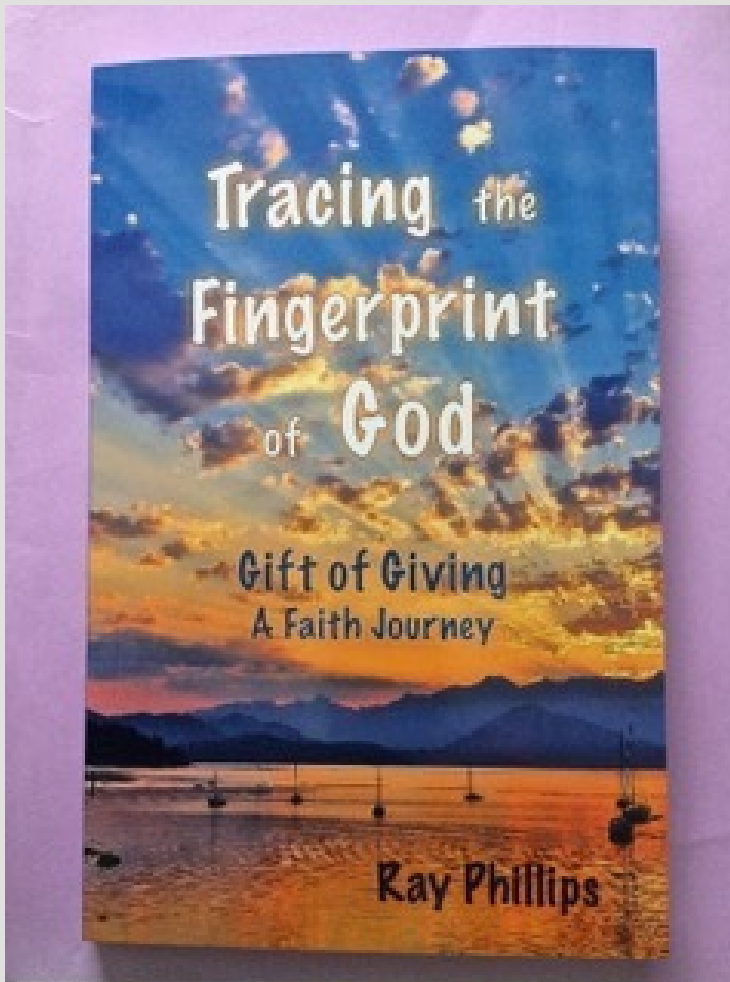

*In Kenys, we love to be in school!*

## FEES

Funds for our usual budget for MCCH this month were zero because of 3 college student accounts over 3 years that have depleted our general account. We have 2 student nurses and one clinical officer who are almost finished. Our new policy will not be able to offer such training but for \$1,000 per year, including room and board, our grade 8 or grade 12 graduates could enrol in a trades course at the polytech school.

Maybe you would like to designate your donation to that or to help cover the shortfall we are experiencing.

God never fails and we did send the needed funds for May. Next month, the costs will be greater because of school FEES, uniforms, books etc. for all the grades as school resumes in June 2021.

### **SPECIAL OFFER:**

TRACING THE FINGERPRINT OF GOD through the gift of giving: an amazing story of the author, Ray Phillips' life (from Pender Harbour) and adventures in many missions by GIVING AND LATER GOING. He greatly helped MCCH many times. Edwin and I loved the true stories of Esperanza, Ukraine, Israel, India, Sunday Line and even Kenya with the Cahills!) Please request the book with any donation to MCCH and please include postage of \$5.00.

Soft-cover, 143 pages! A DELIGHTFUL READ

Thanks!

Always grateful for your support. Thank you!!
