Mr. Randy Jones will be the Speaker for February 2nd 2021

Our Speaker will be **Mr. Randy Jones**. Randy is the Western Regional Manager, Engineer, and ASNT Level III at Baker Hughes, a GE company.

Mr. Jones has thirty-seven years working in NDT in engineering, inspection, and sales. This knowledge has been acquired while working in the following industries: Aerospace, Utilities, Petrochemical, Pulp/Paper, mining and general industrial. Randy began his career at Garrett Turbine Engine Company. While at Garrett, he performed research and development on automated systems for inspection of new engine components. In 1985, Krautkramer hired Randy as a Technical Sales Engineer to sell ultrasonic instruments. With the fall of the Iron Curtain that resulted in severe cutbacks in the defense and aerospace markets it was time for a change. In 1991, Mobile Inspection employed Randy at the San Onofre Nuclear Generating Station to support their erosion/corrosion program followed by the large steam turbine project. In 1996, Randy returned to selling Krautkramer instruments with a greater knowledge of how to support his customers. Inspection Technologies, Inc. became the manufacturers' representative for Krautkramer in 2001 and Randy joined the cast at ITI. In February 2019 Randy accepted an offer from GE to cover their portable UT and ET instrumentation and applications.

November Meeting Report

03 November, 2020 the San Diego Section hosted the 3rd Section Technical Meeting of the 2020-2021 year.

The speaker for the evening was Mr. Michael McGloin, ASNT President for 2019-2020 and 2020-2021 ASNT Chairperson of the Board. Michael has his own consulting business; NDT Enterprises, and he presented a talk on "Self Employment". The session covered topics including incorporation, taxes, health insurance, payroll, retirement, getting paid, and fees. The topic of getting paid by customers including the terms of the PO and fine print generated considerable discussion during the presentation.

The presentation was well received and concluded with a Q/A session with discussion on the topics of marketing, legal services, and liability insurance.

The Section thanked Mr. McGloin for his talk.

PARKER
Magnetic Particle Inspection Instruments

Parker Research Corporation has been perfecting magnetic particle inspection equipment for 60 years. Our products are used worldwide for every conceivable magnetic inspection application, and our reputation is second to none.

Find out how our equipment and accessories can save you time and money. Give us a call today to get more detailed information on our products and for our distributors' locations anywhere in the world.

PL-Cable Reel™ Full plastic carrying case for Contour™ Probes and accessories. All items are also available with dry powder, wet fluorescent inspection medium and track light.

The Parker DA1500-DH portable magnetic inspection unit provides high output AC or HREDC for magnetic particle inspection. Current output is instantly variable from zero to maximum. It is also equipped with a new digital LCD display. A variety of accessories are also available including cables, pins and transport carts.

E200 MR Contour Probe is a rugged high performance instrument for magnetic particle inspection. This unit provides a strong AC field and includes Parker's original flexible lead design that allows the field to be "focused" at a precise area of inspection. The E200 MR contains electronic circuitry that is shielded within the housing of the instrument. There is no electrical contact between the switch and internal circuit. The new innovative switch offers improved operator safety plus durability and is ideally suited for high moisture area applications.

D400 - Brown with "K" label items. All items are available with dry powder and wet fluorescent inspection mediums, including track light and steel carrying case.

D400 - A.C./D.C. Contour Probe Available in various kit forms. May be ordered with the V100 Voice Light at extra cost.

The Section is looking for your nomination(s) for individuals who may meet any of the following:

Lou DiValerio Technician of the Year Award

The *Lou DiValerio Technician of the Year Award* acknowledges those ASNT members who are deserving technicians, to encourage their continued participation in the Society. Nominees for the award must hold a position of employment that corresponds to general guidelines similar to those described by Recommended Practice No. SNT-TC-1A for defining the primary duties and responsibilities of Level I and Level II technicians.

Fellow of ASNT

A *Fellow of ASNT* is an individual member of the Society who has 15 years NDT professional experience; 10 years ASNT membership and has supported the Society through contributions and participation at the local and/or national level. A Fellow must have demonstrated outstanding professional distinction, and must have made continued significant contributions to the advancement of NDT in areas such as management, engineering, science, education, administration or planning.

Mentoring Award

The *Award for Outstanding Mentor* was established to recognize those people in the Society working to encourage others to reach goals they may have otherwise not sought, and to offer the rest of the membership an example of what they could be accomplishing by acting as mentors.

Award for the Advancement of Active Military and Veterans in NDT

The *Award for the Advancement of Active Military and Veterans in NDT* recognizes individuals or organizations who encourages Active Military and Veterans to enter and thrive in the field of NDT, either through creation and/or implementation of programs that provide educational or career advancement opportunities in NDT that may not otherwise be available to Active Military and Veterans or through leading by example of how Active Military and Veterans can not only have a career in NDT but also contribute greatly to NDT, ASNT, and to creating a safer world.

Award for the Advancement of Women in NDT

The *Award for the Advancement of Women in NDT* recognizes individuals or organizations who encourage women to enter and thrive in the field of NDT, either through creation and/or implementation of programs that provide educational and/or career advancement opportunities in NDT that may not otherwise be available to women or through leading by example of how women can not only have a career in NDT but also contribute greatly to NDT, ASNT, and to creating a safer world.

Contact the Awards Committee Chair: Larry Olsen or any San Diego Section BOD member for further information on how to nominate any individual. Nominations must be sent to ASNT Headquarters and **postmarked by 1 February 2021**

Please note: All nominees must be sponsored by an ASNT Section, ASNT Council or ASNT National Committee. ASNT's goal is to recognize the individual member who has taken the NDT/NDE career path and is dedicated to making the world a safer place. Please help to encourage our young ASNT members by nominating someone!
