#AMFGY6 Sole Mission:

To Stop the Epidemic of Veteran & First Responder Suicide

Every 65 minutes a veteran commits suicide. Suicide is never the solution, but the traumas of war have left devastating side effects. The invisible and physical wounds from Post-Traumatic Stress Disorder (PTSD) and Traumatic Brain Injuries (TBI) are debilitating. When combined with a litany of side effects from service to country, such as severe depression, suicidal ideation, sleep apnea, night terrors, relationship issues, self-medication, seclusion, legal and/or financial issues and hopelessness, it should serve as no surprise that the statistical data for the number of suicides in the military and first responder community remains at an all-time high.

For the past 19 years, American Military Family (AMF) has been answering the call by providing a reprieve from their many stresses as we address their physical, mental, and emotional wounds, thereby providing them with the necessary services and resources they urgently need.

Taking Our Veterans/First Responders from Suicidal to Successful

American Military Family, Inc.
P.O. Box 238 Firestone, CO 80520
Phone: (303) 746-8195
Email: QRF@AMFGY6.org

OUR PRIMARY OBJECTIVE

- To Stop Veteran/First Responder Suicide
- To Strengthen and Empower America's Heroes
- Build Bridges between veterans & first responders

OUR PLEDGE:

To engage veterans and first responders to reach out to other struggling battle buddies and to educate communities and businesses about the urgent need to assist those who have voluntarily chosen to serve our country. Less than 1/2 of 1% of our country has chosen to take the pledge to serve, protect and defend the other 99 1/2 % of the American population. They have "earned" our respect and our support. They were there for us - We need to be there for them!

OUR TEAM

We are a team of trained, suicide-certified veterans and first responders, all of whom specialize in serving struggling American Heroes by putting our "Boots on the Ground" to assist those in need of urgent assistance.

TESTIMONIALS

"Thank you so much for the help that you provided my family and I. Without you we would not have been able to do it. Thank you so much, not only have you made it less stressful for my husband with him being in Iraq, but also for me. XOXOXO"

"Thanks, AMF, for all the help and support you have given to me and my family. As an Army wife, this organization is truly Heaven sent for military families. AMF has truly helped us in a time of need. Thank you, and God bless."

"Debbie and all of the AMF staff are ready and willing to assist Military members and their Families whenever a need is found. This is a great organization."

"We got bounced around for almost a week. And we really needed help, somehow I got Debbie's number and within just a couple of minutes she was helping. We spent two days with the Red Cross just to be denied. AMF does not waste your time or hers. Her heart will always be bigger than the resources she has. She was still following up with us after 11pm, who does that anymore. Debbie does, we thank that God lead us to her and this organization, So many others have the resources, some may be more than her, but they are unwilling to help. Thank you AMF."

American Military Family is a nonprofit, 501(c)(3), in good standing with the Colorado Secretary of State.
