

SEASONAL REMINDERS

OUTSIDE HOLIDAY LIGHTED DECORATIONS: A suggested timeline for all outside, lighted holiday decorations is November 15 to January 15 or any time in between that fits your personal lifestyle.

OUTDOOR HOSES: All hoses attached to outside faucets must be removed for the winter.

PLOWING DRIVEWAYS: All vehicles must be parked inside the garage to allow driveways to be cleaned when needed. Just a reminder to you from our WWCA Bylaws. "No inoperable vehicle or vehicle with an invalid license plate may be parked outside of a garage."

GONE FOR THE WINTER: Do not turn off your water for a long period of time. There is one water meter per building and that just might be in your unit. Also if you want any mailings that the Association might produce while you are gone, please put a slip in the Association Box with your address and how long you will be gone.

GENERAL REMINDERS

YOUR CONDO INSURANCE: When you renew your condo insurance yearly, please provide a copy for the Board's records. This may be placed in the Association Box in a new or used envelope with the word "INSURANCE" written on the envelope.
