

GUARDIAN HOME PROGRAM

At Alli & Gator Poodles and Doodles we believe that every dog deserves to have a loving, forever home. All of our dogs are part of our family and live in our home rather than kennels so that we know they are getting as much attention as possible. Because of this we have decided to offer a Guardian Home Program. A Guardian Home is a permanent home for one of our breeding males or females.

Becoming a Guardian Home gives you the opportunity to have one of our top notch, "Pick of the Litter" puppies as a family pet. Rather than buying this puppy you will be putting down a \$1000 deposit that will be returned at the end of his/her breeding career (5-6 litters or up to the age of 5 for females & up to the age of 7 for males). Alli & Gator Poodles and Doodles will retain ALL breeding rights. We reserve the right to cancel our guardianship program at any time if we deem it necessary. Once retired, he/she will be neutered/spayed at our expense and returned back to you.

If you are a Guardian for one of our females you will be compensated \$50/puppy OR \$300/litter (your choice) once her puppies go home. You are welcome to schedule a visit while she is with us and play with the puppies!

As a Guardian Home you will be required to pay for the everyday expenses of owning a dog including annual exams, vaccines, food, etc. We will pay for all breeding related costs including health testing.

Becoming a Guardian Home is not for everyone. You MUST be willing and able to follow these requirements:

- Have previous experience with dogs.
- Be willing to teach basic commands such as sit, stay, lay-down, and leave it.
- Be willing to socialize puppies. This is very important!
- He/She must be an indoor pet and never left unattended outside.
- Feed a premium, quality food.
- All other dogs in the home MUST be fixed if they are the opposite sex.
- Provide regular exercise.
- Willing to let us, the breeder, visit your home.
- Contact Breeder immediately in the event of a serious illness or accident.
- Send a copy of all vet visits to Breeder.
- Must not allow he/she to mate with any unapproved dogs.
- Provide veterinary care when needed.

If you are a guardian for a female dog, you must be willing to drop her off for 1-2 weeks while she is bred. Then drop her back off 1 week prior to her whelping date. She will stay with us until the puppies are weaned.

If you are a guardian for a male dog, you must be willing to drop him off for 3-5 days for breeding's unless arrangements are made ahead of time for us to pick him up.

Be able to communicate with us, the breeder, about scheduling testing, mating, whelping, and anything else breeding related.

If you are interested in becoming a Guardian Home for one of Poodles or Doodles please fill out the Guardian Home application. We look forward to hearing from you!

Liquidated Damages Guardian agrees to make his or her best efforts to comply with all the terms of this Agreement. If Guardian fails to comply with breeding requirements, Guardian agrees to pay Breeder in liquidated damages, and not a penalty, a fee of FIVE THOUSAND DOLLARS (\$5,000). This fee is a genuine estimate of damages that may be incurred by Breeder as it is the expected value of Guardian Home Dog's puppies to Breeder's program. This fee is reasonable in light of the harm that will be caused by the failure to breed, the difficulty in proving the extent of monetary loss, and the inconvenience of otherwise obtaining an adequate remedy at law. In addition, Breeder maintains the right to immediately recover possession of Guardian Home Dog from Guardian.

Spaying Guardian Home Dog

Liquidated Damages If Guardian spays Guardian Home Dog without the knowledge and written consent of Breeder, Guardian agrees to pay Breeder in liquidated damages and not a penalty the sum of TWENTY THOUSAND DOLLARS (\$20,000). This fee is a genuine estimate of damages that would be incurred by the Breeder if Guardian Home Dog can no longer be bred and the loss of lineage in Breeder's program, which cannot be replaced. This fee is reasonable in light of the harm that will be caused by the loss of the ability to breed the Guardian Home Dog, the difficulty in proving the extent of monetary loss, and the inconvenience of otherwise obtaining an adequate remedy at law.

Unfit for Breeding If a Guardian Home Dog is deemed unfit for breeding by a veterinarian due to health issues, that professional opinion must be confirmed by a second veterinarian of Breeder's choice. Upon the confirmation of diagnosis and with Breeder's agreement, the Guardian Home Dog shall be spayed and this Agreement will be satisfied.

Accidental Breeding

Any accidental breeding must be reported to Breeder within 24 hours. Guardian acknowledges that Breeder operates a business, and any accidental breeding will cause significant harm to Breeder's business. Guardian agrees to pay Breeder in liquidated damages and not a penalty, a fee of FIVE THOUSAND DOLLARS (\$5000.00) for any failure to report an accidental breeding within 24 hours. This fee is a genuine estimate of damages that may be incurred by Breeder for not having an opportunity to take action after accidental breeding. The fee is reasonable in light of the harm that will be caused by the accidental breeding, the difficulty of proving the extent of monetary loss, and the inconvenience of otherwise obtaining an adequate remedy at law.

All puppies from any accidental breeding are the Property of Breeder and will be placed in homes by Breeder.

Any accidental breeding does not constitute a Contracted Litter and the Guardian will not be compensated; however, puppies from an accidental breeding must be cared for with the same diligence and respect as puppies from contracted litters in accordance with the terms of this Agreement.

Breeding after Contract Satisfaction Guardian is not required to spay Guardian Home Dog when this Agreement is satisfied. If Guardian likes, Guardian may breed Guardian Home Dog and sell one to two more litters and keep the net proceeds from those litter(s). Breeder will help with the acquisition of an approved stud dog and website advertising, if requested.

Termination by Breeder

Breeder may terminate this Agreement without further notice upon Guardian's material breach of any term of this Agreement. Upon termination, a Breeder representative may recover possession of the Guardian Home Female for immediate re-homing with no compensation to the Guardian. Nothing in this section precludes Breeder from collecting any liquidated damages due in accordance with any other section of this Agreement.

Termination by Death of a Canine

Death of a Canine by Preventable Causes

If Guardian Home Female dies from a preventable cause, including a preventable accident, Guardian agrees to pay Breeder in liquidated damages and not a penalty the fee of FIVE THOUSAND DOLLARS (\$5000), which is the genuine estimated value of the Guardian Home Dog at the time of this agreement. This fee is reasonable in light of the harm that will be caused by the loss of the Guardian Home Dog to Breeder's program, the difficulty in proving the extent of monetary loss, and the inconvenience of otherwise obtaining an adequate remedy at law. Other causes of death or natural disasters must be certified by two veterinarians, the veterinary cost of which is the responsibility of the Guardian. In the event two veterinarians certify that the death was not preventable or constituted an act of God, Guardian will be released from any financial liability to Breeder. As such, veterinarian certification of cause of death is required until this agreement is satisfied.

Death of a Canine while in Breeder's possession

Notwithstanding the foregoing, if Guardian Home Female dies while in Breeder's possession or during pup birthing activity, Breeder will replace the female Guardian home dog with another of equal quality. The replacement dog will not have breeding obligations unless both parties agree in writing and ownership.

Termination by Guardian

Guardian may terminate agreement in writing subject to the foregoing provisions. Upon termination, Guardian must return Guardian Home Dog to Breeder within three (3) days. Any liquidated damages in accordance with this agreement are due to Breeder immediately upon providing notice.

Change of Guardian Home Circumstances Should Guardian's circumstances change so Guardian is unable to keep the Guardian Home Dog, the Guardian Home Dog must be returned to Breeder. Any compensation due to Guardian will be withheld until after the Guardian Home Dog is rehomed and after rehoming expenses are deducted, including but not limited to advertising and travel expenses.
