

Flinders Escape - Non camping accommodation

Alternative suggestions for those who may wish to have a break from camping.

You may find these weblinks helpful in organising your accommodation if you don't fancy sleeping in a tent!!!

Please take note of the actual overnight camping venue in each location when choosing where to book any accommodation – you may not want to be too far away for meals, transporting your bags, etc, and you will need to make your own way between the camp location and any accommodation that you book independently.

Note – some places may have very few options i.e. Parachilna and Blinman. You can also try Air B'nB.
