

#22 - Carmelo Brown 27'/Harlan HS (S)

Carmelo Brown has all the tools to be a significant playmaker for his team next season. First thing you notice is the frame. He has a body that will fill out and has great body control. His instincts at the safety position led him to 3 ints that were high pointed in traffic. Strong hands and can play some receiver as well. Good hips and good footwork.

#3 Corwon Martin 26'/Chapin HS/ATH

Corwon Martin is a physical, agile, smart player that plays both sides of the ball well. On offense he runs clean routes with an IQ to find the soft spots in the defense. On defense he is a physical corner with the hips and speed to blanket receivers.
