THE UNSINKABLES

BUILT TOUGH BY MCKEE CRAFT

It's unsinkable, it's built tough and it's a McKee Craft.

McKee Craft has the boat for you, no matter whether it's a stable 14' craft for inland waters, or a 17' Offshore Fisherman equipped for the serious fisherman to ride the open seas! And in between there are three 16' models to fit your needs.

McKee Craft enters its 21st year serving the

boating public which includes discriminating private boaters as well as many federal, state and local government agencies.

McKee Craft boats are built tough! Transoms are reinforced with a full inch of plywood laminated in place. Outer hulls are reinforced to "workboat specifications" with 24 oz./sq. yd. roving waterline and below. Plywood is laminated

14' CUSTOM DELUXE

14' CAT CAY

to flat areas in inner liner for additional strength and for securing interior equipment. Outer hull and inner liner are laminated together and all voids between are filled with polyurethane foam core. This sandwich construction adds rigidity and strength and makes the craft "unsinkable".

Quality features abound. From all-fiberglass construction to stainless steel rails and hardware, there is a McKee Craft built for your requirements.

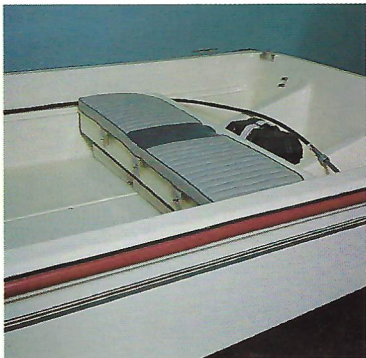

SPECIFICATIONS — 14' MODELS*

OVERALL LENGTH	14'
BEAM	67"
WEIGHT	665 LBS.
MAXIMUM LOAD CAPACITY	870 LBS.
MAXIMUM HORSEPOWER	70
TRANSOM HEIGHT	20"
PERSONS CAPACITY	4

*Bare Hull Rated 5 Persons, 40hp Max.

BUILT-IN ICE CHEST*

BENCH SEAT CUSHION

BENCH SEAT W/STORAGE

PLEXIGLASS WINDSHIELD

14' ARUBA

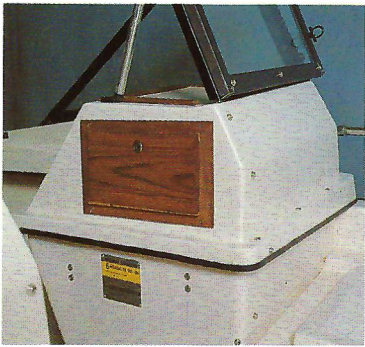

14' ANGLER

*Standard All 14' Models

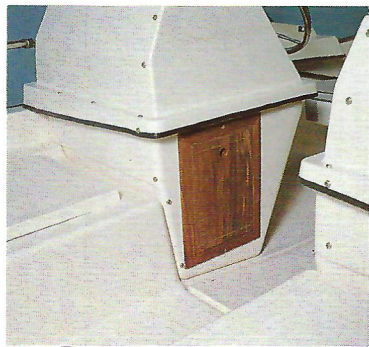

SPECIFICATIONS — 16' MODELS

OVERALL LENGTH	16'
BEAM	77"
WEIGHT	1170 LBS.
MAXIMUM LOAD CAPACITY	1600 LBS.
MAXIMUM HORSEPOWER	115
TRANSOM HEIGHT	20"
PERSONS CAPACITY	6
