A Breakthrough in Natural Natural Skincare

Our product offers a revolutionary approach to skincare, especially catering to individuals with sensitive or delicate skin.

Our steroid-free, antihistamine-free formula ensures effective relief without any associated side effects or dependency risks.

With the fusion of traditional knowledge and modern science, our product is designed to provide deep nourishment, skin protection, and enhanced self-repair capabilities.

Clinical Validation

1 Anti-inflammatory & Anti-allergic

Cordycepin has been validated to protect against UV damage without side effects or dependency.

2 Steroid-Free & Effective

Cordyceps Soothing All-Purpose Cream offers comprehensive repair, more effective than steroids, without associated risks.

Key Ingredients and Their Benefits

Cordyceps

Contains **15%** cordycepin, an active ingredient that bidirectionally regulates the skin, soothing sensitive and fragile skin.

Cicada Flower

Rich in 1.9% adenosine, effective in nourishing sensitive and delicate skin, providing protection and nourishment.

Golden Cordyceps (Cordyceps militaris)

Contains 24.2% Cordyceps polysaccharides, offering potent moisturizing and effective skin protection.

Nature's Botanical Essential Oils

Calendula

A mild plant-based component for quick absorption by the skin, enhancing repair and care.

Immortelle & Comfrey Root

Offers small-molecule active ingredients to comprehensively enhance skin repair and care.

Sesame Oil, Jojoba Oil, and Sweet Myrrh

Mild plant-based components that can be quickly absorbed by the skin, providing deep nourishment.

Cultivation and Quality Control

1 Technology-Controlled Cultivation

Ensures the safety, non-toxicity, and effectiveness of the key quality raw materials of Cordyceps.

2 SGS Tested

Free from steroids, estrogens, and heavy metals, ensuring safety and high quality.

Usage Instructions

1 For Infant Skin Repair

Provides relief for red buttocks, apple cheeks, and localized skin scratching.

2 To Relieve Skin Discomfort

Moisturizes, activates, and repairs discomfort, enhancing skin comfort.

3 Enhanced Night and Day Repair

Ideal for local application before bed or makeup to maintain healthy skin.

Gentle Protector for Skincare

1

Natural and Safe

Free from steroids and antihistamines, ensuring safety, especially for infants and young children.

2

Effective Relief

Clinically proven to combat inflammation and allergies, providing relief without adverse effects.

3

Gentle for Long-term Use

Ideal for consistent, daily application without the worry of exacerbating skin conditions.

Embrace a Gentle, Effective Approach

1

Safe & Natural

Embrace a gentle, yet effective skincare approach with this product, ideal for individuals seeking a holistic path to skin health.

2

For Healthier Skin

Choose our product for a happier, healthier skin without the risks of dependency or side effects.
