

November 20, 2020

Shallowater Clinic Patient,

Nine years ago, I was privileged to begin practice at the Shallowater Clinic. During this time, my practice and the community have received invaluable support from University Medical Center. Over the past 9 years, I have attempted to instill a commitment to patient care and community. I have recently been in communication with UMC administrators about a new venture. With their support, I would like to announce that effective January 1, 2021, the Shallowater Clinic will transition from UMC-P to private practice under the name Sycamore Family Medicine.

Patients wishing to obtain medical records may do so by stopping by the Shallowater Clinic at 1502 12th St., Shallowater, TX and signing a release. Patients may also call (806) 832-4566 until December 31, 2020, for further directions regarding obtaining medical records. Medical records will remain under the care of UMC-P per local statutes.

Sycamore Family Medicine is eager to earn the right to care for you and your family. We are pleased to announce that we will continue to practice at the same convenient location. Our new phone number is (806) 696-3700 and you can begin calling in mid-December to arrange appointments, etc. Insurance credentialing is ongoing and we intend to be in network with most current plans and additional plans as of January 1. Please stay tuned to Facebook for further information and visit [sycamorefamilymedicine.com](http://sycamorefamilymedicine.com) for updates.

Thank you for your continued support of our medical practice. It is truly a blessing to have the opportunity to bring my vision of family medicine to Shallowater. It is my belief that the best healthcare outcomes begin with relationships. Science and technology are invaluable tools. We hope to meld these ingredients to offer a welcoming and innovative healthcare experience.

Sincerely yours,

A handwritten signature in black ink, appearing to read "Brian Carreon", with a long horizontal flourish extending to the right.

Brian Carreon, M.D., P.A.
