DAY ONE - Thursday, August 15:

We make appropriate rest stops on our way to *Johnstown*, where we meet our *Local Guide* at the *Johnstown Flood Museum*. We will view the film, “*The Johnstown Flood*” that won an Academy Award for Best Short Documentary in 1989, the 100th Anniversary of the flood. Learn about this devastating event by visiting the numerous exhibits and displays, as well as one of the houses provided for those who lost everything. Lunch today is on your own at a local restaurant. Next, we visit the *Johnstown Flood National Memorial*, here Park Rangers will share the story and you will see the site of the Southfork Hunting and Fishing Club’s Lake that caused the terrible loss of life and property. Then, during a brief drive through *Grandview Cemetery* we will see the unmarked graves of 777 of those who lost their lives. Onward to the *Johnstown Inclined Plane*, built after the flood as a means of departing for higher ground, it provides a great overview of the city. We check into the *Johnstown Holiday Inn Express* to freshen up before we go to dinner at *Rizzo’s Restaurant*. Then back to the hotel for a good night’s rest.

DAY TWO - Friday, August 16:

After our included breakfast at the Hotel, we check out and make our way to the *Johnstown Amtrak Station* where we catch the 8:57 AM train to Altoona, riding the world-famous *Horseshoe Curve*. We disembark the train and visit *The Altoona Railroaders Museum* where there are three floors of interesting exhibits, elevator available. Enjoy “*The Spirit of Altoona*” a very interesting and informative film. Next, is a fun stop at *Boyer’s Candy Outlet* – remember Mallo Cups? This is where they were made along with other goodies that you may purchase at outlet pricing. Lunch today will be at a local Altoona Restaurant before we visit the *Horseshoe Curve Visitor Center* where you will see exhibits and can take the funicular to view the area near the tracks. Although not guaranteed, there are typically a number of trains rounding the tracks during a visit. If you want to, you walk to the top climbing approximately 100 steps. Our last stop of the day is the *Allegheny Portage Railroad*, the site of the first railroad to circumvent the Allegheny Mountains, the finishing piece of the Pennsylvania Main Line Canal. “The Portage” opened in 1834 marking the first time there was one direct route between Philadelphia and Pittsburgh. Then it is onward home, making appropriate rest stops and a dinner on own stop, with great memories of our time in Johnstown!
