

Carbon Reduction Plan

Supplier name: Roof Installations Limited

Publication date: 26-1-2024

Commitment to achieving Net Zero

Roof Installations Limited committed to achieving Net Zero emissions by 2050

Baseline Emissions Footprint

Baseline emissions are a record of the greenhouse gases that have been produced in the past and were produced prior to the introduction of any strategies to reduce emissions. Baseline emissions are the reference point against which emissions reduction can be measured.

Baseline Year: 2022	
Additional Details relating to the Baseline Emissions calculation.	
Baseline will change due to the changes in the company in 2023	
Baseline year emissions:	
Emissions	Total (tCO.e)
Scope 1	34
Scope 2	4.18
Scope 3	43.33
Total Emissions	81.5

Current Emissions Reporting

Reporting Year: 2023	
<p><i>There is an increase to the baseline. This is due to substantial organizational change. We are changing from a labour only sub-contractor to now include supply and install roofing contractor.</i></p> <p><i>There has also been a purchase of 3 vehicles</i></p> <p>2023 will become our new baseline</p>	
Emissions	Total (tCO.e)
Scope 1	29.6
Scope 2	5.08
Scope 3	84.025
Total Emissions	119

Emissions reduction targets

In order to continue our progress to achieving Net Zero, we have adopted the following carbon reduction targets. We project that carbon emissions will decrease over the next 5 years to 101 tCO₂e by 2028. This is a reduction of 15%.

Carbon Reduction Projects

It is a Plan as a company to investigate projects and measures we can put into place to reduce our carbon footprint.

Recent Carbon Reduction Projects

We have recently updated our vans to newer models with lower carbon emissions.

We have issued Fuel cards so we can improve the way we record what fuel we are using.

We are trying to work on projects that are closer to our base town to reduce travel.

We encourage working from home where possible to reduce travel.

We are looking into using materials from suppliers with a good carbon record

Declaration and Sign Off

This Carbon Reduction Plan has been completed in accordance with PPN 06/21 and associated guidance and reporting standard for Carbon Reduction Plans.

Emissions have been reported and recorded in accordance with the published reporting standard for Carbon Reduction Plans and the GHG Reporting Protocol corporate standard¹³ and uses the appropriate Government emission conversion factors for greenhouse gas company reporting¹⁴.

Scope 1 and Scope 2 emissions have been reported in accordance with SECR requirements, and the required subset of Scope 3 emissions have been reported in accordance with the published reporting standard for Carbon Reduction Plans and the Corporate Value Chain (Scope 3) Standard¹⁵.

This Carbon Reduction Plan has been reviewed and signed off by the board of directors (or equivalent management body).

Signed on behalf of the Roof Installations:

Carl Graham
Director

Stephen Davies
Director
