\$ \_\_\_\_\_ **Standard t-shirt quilt with 2 different size blocks.** Some shirts have larger graphics that will have to be cut a little longer. The blocks will be matched and sized in each row the same but some rows will have 13.5"x 13.5" blocks while other rows might have a 13.5"x15.5" size blocks. (Please use reference above for number of shirts needed. Size will vary depending on number of shirts with larger graphics. Additional \$50 upcharge). If you are unsure about the size of graphics then either you can measure them or I can measure them and let you know once I have measured all of them.

\$ \_\_\_\_\_ **Baby or children's t-shirt quilt** Size of quilt will depend on number of shirts or pieces of clothing. Pricing will be based on the finished size of the quilt. Please use sizes and prices above, plus add \$100. (approximate price \$500 - \$875)

\$ \_\_\_\_\_ **Multi-size blocks t-shirt quilt.** The blocks will be sized accordingly with the graphics. (Size of quilt will vary and will require 24 to 36 shirts. Pricing will be a flat \$500

## \$ \_\_\_\_\_ **Additional Options** (100% cotton fabric is used for sashing and borders)

### **Neutral Fabric Color in between Panels**

- Sashing for 12 to 20 shirts, add \$50
- Sashing for 24 to 36 shirts, add \$75
- Sashing for 42 to 56 shirts, add \$100

### **Pieced border is made using 3 to 4 coordinating colors**

- Pieced border for 12 to 20 shirts, add \$50
- Pieced border for 24 to 36 shirts, add \$75
- Pieced border for 42 to 56 shirts add \$100

\_\_\_\_\_ **Mark your shirts** - For any shirts that have graphics on the front and back, please advise which side you would like to be used or if both will be used.

# Square Cut Creations (T-shirt Quilt Order Form)

**Process:** (Please do not precut any of your shirts)

1. Gather your shirts and use the order form to select the number of shirts, style and options you would like. Also, please identify any shirts that have graphics on the front and back so you can let me know which side you would like used in your quilt or if you want both sides used.
2. Contact me and we will set up an appointment to meet or if you are not local then you can mail your shirts to me.
3. Your shirt graphics will be measured and then I will lay out your shirts. I will send you a picture so you can approve the layout or you will have the option to move any of them around.
4. Then I will cut the shirts apart and will add a fusible interfacing that will stabilize the shirts as t-shirts are very stretchy.
5. Next, your shirts will be trimmed down to the appropriate size depending on the options you have marked on your order form.
6. Shirts will then be sewn together along with optional sashing and borders.
7. Once the top of the quilt is completed then I will longarm the quilt using a 100% cotton backing and a light weight polyester batting. This means that I will be quilting through all 3 layers – the top, batting and backing.
8. The final process will be to machine sew a binding on the edge of the quilt.
9. Please allow 4 to 6 weeks for completion unless otherwise advised.  
A lot of my customers book 3-6 months in advance.
10. Payment is due at time of delivery. I accept payments via Venmo, Zelis or Cash.
