....Let's not merely say that we love each other; let us show the truth by our actions.

1 John 3:18

Our Mission: to show love to our community by making and filling, reusable drawstring bags for those in need and to identify and provide other necessities such as clothing, backpacks and handmade blankets for comfort. Our Bags of Love include personal hygiene products, school supplies, socks, hats, scarves and gloves for winter and for a little fun and joy, something special, like a toy, book or treat bag is included.

Outreach - It's What We Do

We began as a group of 12 friends who met through church. We gathered together monthly to give away personal care and cleaning products at a local free medical clinic/community dinner.

We are blessed to have the helping hands of friends, family, and connections we have made in the community. The collective creativity of many, donations of time, personal care products and monetary donations have made it possible to provide thousands of draw string Bags of Love filled with hygiene products, toys and treats.

These generous donations have also allowed us to further serve our community with additional basic needs such as food, clothing, school supplies, back packs, blankets, warm coats and an abundance of handmade hats and scarves.

THANK YOU for your support!
