

2016

Yard of the Month Winners

Yard of the Month – March, 2016

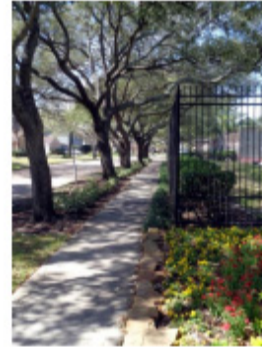

Briar Village

Sometimes we should stop and smell our own roses, or in this case, yellow violas and red dianthus. Our common areas have never looked so good and as our March winner, we owe the current Board of Directors a big thank you for these and all the other improvements that have been made to The Village in the last couple of years.

At the pool's entrance we have a lovely bubbling waterfall with plantings of color, texture and flowers filling the bed. The azaleas should be blooming soon, joining the Chinese fringe flowers in their delicate showing.
