

August Yard-of-the-Month

The August selection for Yard-of-the-Month could have made on the lawn alone. Drive by 14010 Briarworth and check out Amy Hills thick lush grass. It is lovely and quite the challenge during record-breaking heat alerts. The Whole yard looks like it is Tenderly cared for. All flower beds have nice, neat Borders, and the focal flower bed is full of blooming yellow Esperanza and blue Plumbago. Thank You for helping to make Briar Village shine.
