

Root Cause

CS-RCA SPECIALISES IN INCIDENT INVESTIGATION SUPPORT.

Many Companies have staff attend Root Cause Analysis Training and then expect them to go back to work as self-sufficient investigators. They should be able to perform an excellent root cause analysis without outside help.

But there can be times when an investigator needs to ask for help.

That's where we come in.....

CS-RCA can lead or support your investigations to ensure effectiveness and then provide a detailed report or presentation of the incident.

We only use fully trained & competent lead investigators to ensure that you get a systematic approach to find and fix the root causes of audits/assessments, precursor incidents, and major accidents.

Please contact us for a FREE consultation ▶ ▶ ▶

Here are some instances where CS-RCA investigation support can help you

- Legal, could this accident end up in court?
- Customer Dispute
- Union Issues
- Inexperienced Investigator
- Group Think
- Controversial Investigation, could the boss be in trouble?
- Lack of Feedback
- Overwhelmed Staff
