We will also have a prayer service of thanksgiving for our award on Wednesday, October 19.
- F. Every month, the faculty will recognize the students through the "fruits of the Holy Spirits". Student who represent this each month will be honored with an award.
- G. This year, the students will attend each liturgy sitting with their prayer partners.
- H. We continue to following Montgomery County and the Archdiocese when it comes to covid. At this time, we no longer require any testing. Covid will be treated as a regular respiratory illness at this time. However, if a parent tests their child and they are positive, they have to contact the school and follow quarantine protocol.
- I. Field trips are returning this year. More to follow as we get pricing and dates together.
- J. Walkie Talkie update- The order is in. We have not received a date as to when these will arrive.
- K. Security system/Keyfobs- Phase one has been complete. Last year, the door buzzer system was upgraded. In addition to the new outside buzzer, new monitors were added to Mrs. Mastrogiavanni's, Mrs. Thoms', Mrs. Herron's, and Mrs. Greenberg's desk. These monitors show multiple views surrounding the school. A meeting with Father Schiele will be held to discuss the next steps.

- L. WiFi- The school is still waiting to see if we will receive the funding from EANS Covid funding for access points. Once we order these, there will most likely be at least a 6 month wait.
