## **ANONYMOUS CLASS QUESTIONS**

### **INT. CLASSROOM - DAY**

TEACHER, Heidi, and COUNSELOR, Mikey, address a middle school class together.

HEIDI

Alright class, wasn't that a fun lecture on peer pressure by Counselor Fitz?

MIKEY

Oh, thank you Mrs. Carter but we still have one thing left, (to class) anonymous question time!

The kids begin writing and Mikey slowly adds them to a hat.

MIKEY (CONT'D)

Remember kids, I will **not** know who wrote what question. Whatever you want to know, just ask-

Heidi bumps into Mikey. Hat falls behind Heidi's desk. She picks it up and returns it to Mikey.

HEIDI

Sorry, counselor here ya go.

Mikey draws a paper from random and reads aloud.

MIKEY

Okay, not the best penmanship I see  
\*laughs\* "what if my crush asks me to do drugs?" Well, class?

CLASS

Just. Say. No.

MIKEY

Exactly. Next one, wow, perfect penmanship here: "My husband keeps putting off starting a family, where do you recommend I freeze my eggs?"

Heidi walks over to chalk board as if to write the answer.

HEIDI

Great question class, what do we think counselor?

MIKEY

Um, I think that was a prank.  
Here's another: "I accidentally  
sent my father-in-law nudes. \*rolls  
eyes\* How do I say it was an  
accident?"

Heidi goes back to the chalkboard, awaiting an answer. Mikey catches on to Heidi.

MIKEY (CONT'D)

Well, since the author of this  
question is supposed to be a child  
I would say call the Police because  
several crimes have been committed.

HEIDI

Or maybe just read another  
question.

MIKEY

"The nudes were not a mistake. I  
meant it. How do I seal this deal?"  
Seriously, Mrs. Carter? Did you  
really hijack this whole exercise?

Heidi sits down at her desk visibly frustrated.

MIKEY (CONT'D)

Lets see what else is up with Mrs.  
Carter: "I put something in the  
place I go #2 and loved it. Am I  
going to hell?"

HEIDI

That one ain't me, counselor. Even  
I don't "drive downtown" anymore.

MIKEY

Anymore? Okay whoever wrote this,  
whatever you did isn't wrong but it  
probably is dangerous, please stop  
that.

Mikey reads one after another.

MIKEY (CONT'D)

"Counselor Fitz? More like bounce  
til it fits" That's awful and not a  
question.

MIKEY (CONT'D)

"If it burns after I pee, do I get  
my money back?" Dear Lord.

MIKEY (CONT'D)

"Is it wrong to crop dust if the class is being bad?" Mother of God.

MIKEY (CONT'D)

"What bar were you in for the super bowl?" I wasn't at a bar I was home. How do you even-

Heidi draws a gun on Mikey

HEIDI

Freeze!

Two COPS, Cecily and Bowen, storm in to cuff Mikey.

CECILY

Roger Fitz you are under arrest for the murder of your wife.

BOWEN

Great work, detective, helluva confession. He sang like a bird.

HEIDI

(confident, smug)

Why don't you read one more question, counselor?

MIKEY

"what time is it?"

HEIDI

Time to go...

CLASS

...Downtown!

Bowen grabs Mikey's ass which causes him to yelp.

BLACKOUT

**F OFF! - COMMERCIAL PARODY**EXT. SIDEWALK NYC - DAY

Open on B&W color scheme of CECILY walking down NYC sidewalk. SIGN GUY (Aristotle) stops her to get her to sign petition.

ARISTOTLE  
Hey, Miss, do you love animals?

CECILY  
Uh, yes, but look, I'm in a rush-

Aristotle speaks on mute while VO (ALEX) chimes in.

ALEX (V.O.)  
Tired of clipboard people hounding  
you on your commute?

CUT TO:

Product OFF! repellent spinning.

ALEX (V.O.)  
From the makers of insect  
repellent, OFF, comes...

Color returns. Show new product spinning.

ALEX (V.O.)  
F\*\*\* OFF! Formula designed  
specifically to repel public pests  
of all kinds...especially people.

CUT TO:

CECILY, confidently walking down same sidewalk. Aristotle approaches with same t-shirt and clipboard. As he begins to speak, he starts to cough, visibly concerned and now violently convulsing on the floor. Cecily opens purse to camera revealing she has F\*\*\* OFF. She smiles to camera.

CECILY  
F\*\*\* off.

Cecily walks off screen as camera pushes in to Aristotle now foaming from the mouth surrounded by concerned fellow clipboarders.

Cut back to F\*\*\* OFF spinning on showcase.

ALEX (V.O.)  
F\*\*\* OFF is great for any situation  
where you just want people to...

Cut to HEIDI walking past construction catcallers, JAMES makes kiss noises until she is inches from him, his face freezes in kissy face, and he fails to get out of the way of a wrecking ball. Heidi winks to camera while walking.

HEIDI  
F\*\*\* off.

Cut to MIKEY entering house late, saying hi to relatives, CHLOE as grandma, all sat down at obvious thanksgiving dinner.

ALEX (V.O.)  
F\*\*\* OFF even works on your own  
flesh and blood!

CHLOE  
(to Mikey) I see you're here  
another year with no girlfriend.

CU on Mikey reacting as screen fades to flashback with Mikey applying F\*\*\* OFF just before entering. Fade back to Mikey, feigning affection to hug Chloe.

MIKEY  
Oh nana. That reminds me...

Nana takes one sniff and her head explodes, covering everyone's plates. Cut to Mikey sat, eating around Nana's remains.

MIKEY (CONT'D)  
(mouth full) F\*\*\* Off.

Cut to INT restaurant, man in judge's robe, MELISSA dressed as Justice Kavanaugh.

MELISSA  
Does it even work on honest judges  
just trying to eat in peace?

Abortion rights protesters storm the restaurant and hound Kavanaugh, who sprays F\*\*\* OFF. As he opens his mouth to chew, his head explodes. Protesters look in disbelief.

ALEX (V.O.)  
Sure. Honest ones are A-okay.

Cut back to product spinning in showcase. Alex reads legalese quickly

ALEX (V.O.)  
F\*\*\* OFF does not work on  
mosquitos, ticks, wasps, bees or  
any other life form that isn't  
expected to understand basic human  
decency.

BLACKOUT

**JAMES WEBB TELESCOPE MISUSE**

INT. NASA - DAY

NASA DIRECTOR (Mikey) gathers three NASA EMPLOYEES (Punkie, Cecily, Bowen) to a big screen in a lab.

MIKEY

Now as you all know, our new James Webb Space Telescope is taking some of the best pictures of the universe known to man. And you three have been rotating 8 hour shifts to focus on a particular picture per shift. I gotta say I'm very excited to see what you guys captured.

Mikey remotely turns on screen. Image of nebula.

PUNKIE

So this one's me, I found a new nebula that's going to teach us about star formation.

MIKEY

Very good, doctor. Great stuff.

Mikey goes to next slide. Image of small asteroid.

CECILY

Director this one's me. I found an asteroid the size of Texas! Zoom in you'll see!

Mikey zooms in revealing perfect resolution at 1000x.

MIKEY

Absolutely stunning. (to Bowen)  
Doctor Lee I can't wait to see yours.

Mikey goes to next slide. It's Long Island.

MIKEY (CONT'D)

That's...Long Island.

Bowen looks away as if caught. Mikey zooms in, image hones in on the particular south shore spot, now fully zoomed into street level, reveal big gay pool party.

MIKEY (CONT'D)  
You pointed our space telescope at  
Fire Island?!

BOWEN  
Okay I'll be honest. I didn't think  
this thing would ever work and just  
my luck it's in the sky right as I  
was about to celebrate being single  
on Fire Island. I was stuck here  
monitoring space and got FOMO!

MIKEY  
I'm just gonna tell the board this  
file got corrupted due to  
radiation. Doctor Lee this is  
strike one.

Mikey moves to next slide. Image of an exoplanet.

PUNKIE  
This planet is in the habitable  
zone. It might even have life!

Next slide. Image of blackhole.

CECILY  
This is a blackhole, look it's in  
the middle of swallowing a star!

Mikey raises hand as if about to press for next image. Stares  
at Bowen while clicking. Image of NASA office.

MIKEY  
Oh looks it's earth again.

BOWEN  
You're gonna want to zoom into this  
one.

Mikey zooms in partially, to a particular wing.

PUNKIE  
Hey that's our department.

CECILY  
Hey wait that's-

Image fully zoomed into a window to reveal Punkie and Cecily  
brainstorming resumes and laptops open to Indeed.com.

MIKEY  
Doctors, what the hell!

PUNKIE

Sir we haven't gotten a raise since  
we started!

CECILY

Yeah and with inflation it's more  
like we actually got a pay *cut*!

BOWEN

We can't even grind with twinks and  
otters on Fire Island. This place  
is a prison!

MIKEY

May I remind you all that we are  
using the most sophisticated  
technology ever conceived to look  
further into the cosmos than we  
ever dreamed? (beat) This next  
batch better be good or it's your  
asses.

Mikey plays next slide. Image of solar flare.

MIKEY (CONT'D)

So far so good.

Next slide. Image of two galaxies colliding.

MIKEY (CONT'D)

Not bad

Next slide. Image of deep space.

MIKEY (CONT'D)

Well I'll be damned, Doctor. You  
actually did your job.

BOWEN

Actually this one's already zoomed  
in all the way.

Mikey zooms out, reveals Mikey in the office editing out UFOs  
and other Alien imagery from the pictures.

PUNKIE

I knew it!

CECILY

There are aliens!

BOWEN

And the director is covering it up!

Mikey looks down in shame.

MIKEY  
What's it gonna take to make this  
go away?

PUNKIE AND CECILY BOWEN  
Raises! Fire. Eye. Land.

MIKEY  
Done. But the board is expecting images when we walk out of here so what are we gonna do?

Bowen snaps a photo of the lab table top. Airdrop noise is heard and image goes on screen. Looks just like deep space.

BOWEN  
We're gonna hit the beach.

FADE OUT.

**Weekend Update Jokes - Week of 7/7 to 7/14****JOST**

After being ousted from Hollywood, actor and alleged cannibal, Armie Hammer, has reportedly been working in the Cayman Islands selling timeshares. The properties are listed as "steps from the beach" and "pre-heated to 350 degrees."

The house voted to probe the military and police for neo-Nazis despite literally every republican voting against it. It's like when you come home and your 3-year-old says "there aren't LEGOs in the toilet." Sure I knew that was possible but now I'm certain.

A pregnant Texan woman is fighting a ticket for using the HOV lane alone arguing her fetus is now considered another person. But the ticket stands after an X ray showed the fetus unbuckled his umbilical chord.

A Canadian music teacher was filmed using a trombone to ward off a bear. He only knows how to play the bagpipes but the last bear he played that around killed himself.

Olympian Simone Biles was offered a coloring book by a flight attendant who mistook her for a child. Look, that's embarrassing but it's not nearly the worst thing to be offered a woman who was mistaken for a child on a plane. \*insert Epstein plane picture\*

An Australian barista was found to have been unfairly fired for not using enough smiley emojis in texts. As an introverted guy I understand.
