

NOTICE OF CUSTOMER APPRECIATION

Jacobo & Valerie Pacheco and family, would like to extend their heartfelt thanks to the many, many customers who have patronized our company, Pacheco Oil & Gas Inc. for the past 78 years. Effective 1-01-2024, we have sold our company to Andrew & Crystal Martinez from Rainsville, New Mexico who have started a business called Martinez Propane Co. Inc. In 1946, my father Fermin Pacheco Sr. and my mother Mary Pacheco entered the petroleum business selling gasoline and motor oils. In 1964, our company began selling propane throughout Northern New Mexico. Today our company services parts of Colfax, Taos, Rio Arriba, San Miguel, and Mora counties. We have truly been blessed by the opportunity to serve thousands of wonderful customers. We leave this business with countless memories of many customers who became good friends and not simply customers. Now upon retiring, If the Lord is willing, we may have more time to enjoy our grandchildren as well as each other.

We would like to highly recommend Andrew & Crystal and their family to everyone. They are from the Mora Valley and have deep family roots here for several hundred years. We are confident that they will serve the public in an honest and professional manner. Andrew is a veteran having served in Iraq, has retired from the military, and among many other things is a diesel mechanic. Crystal is a self-employed business woman who deals with many clients and knows what customer relations is all about.

Valerie and I would like to say to our customers, un millón de gracias, y que **Dios los vendiga**.

Su amigo y vecino, Jacobo E. Pacheco
